SALE OF TEAK POLES.

Notification dated 16th March 1940.

It is hereby notified for general information that the undermentioned kind and quantity of timber will be sold by public auction under the following Depot by the District Forest Officer, Shimoga Division, or any other officer deputed by him on the date noted against each Depot.

Name of depot	Kind	Quantity	Date of sale
Sowlanga, Ayanur Range ..	Teak	1,000 C.ft. (more or less)	16th April 1940, 3 P.M.

N.B.—The quantities noted are approximate.

Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber not exceeding Rs. 200 in value, this deposit will not be insisted upon, provided that the full purchase money is paid in cash on the spot.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. The sale is subject to the confirmation of the Conservator of Forests if the amount exceeds Rs. 1,000.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to officer conducting the sale and obtain in return from him a receipt vouching for the payment e one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply is rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer g the sale shall be at liberty to re-sell the timber purchased by such defaulter who shall d to make good any loss, but shall not participate in any profit from such resale. The by such defaulter, on account of loss from resale, shall be recovered from him as a nd under Section 79 of the Mysore Forest Act. In calculating such losses, the initial d to Government shall not be taken into account.

ales for default of payment of value where no bidders are forthcoming, it will be ct Forest Officer to fix such price, as may appear to him to be reasonable and to very from the defaulter of the balance, if any, after deducting the price so fixed e amount. A registered notice should be issued to the defaulter intimating the istrict Forest Officer for the unsold wood and the amount still due from him ed as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within thirty days after the date of sale or within fifteen days after the date of the notice of confirmation of the sale, whichever is later. In case of purchases of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than 15th May 1940. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser, in the manner prescribed, for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, including the 10 per cent deposit paid for the lot at the time of the sale, and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed, as early as possible, and in no case should it be allowed to remain longer than 90 days after 30th June 1940. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

13. Interest will be charged on all belated payments from the date of their falling due up to the date of payment at 6¼ per cent per annum.

Notification dated the 19*th March* 1940.

MYSORE SERUM INSTITUTE, HEBBAL, BANGALORE.

PURCHASE OF CALVES.

Notice dated 16th March 1940.

Sealed tenders will be received in the Office of the Superintendent, Mysore Serum Institute, Hebbal, Bangalore, up to 3 P.M., on Friday the 31st May 1940 for buying buffalo bull calves and bull calves which have been used in the Institute during the year ending 30th June 1941.

2. Tenders should be sent in sealed covers and superscribed "Tenders for the purchase of 'done' and branded buffalo bull calves and bull calves from the Institute."

3. A sum of Rs. 50 should be deposited in the State Huzur Treasury, Bangalore, as earnest money towards the tender in favour of the Superintendent, Mysore Serum Institute, and the treasury challan relating thereto should be attached to the tender. Without the earnest money deposit no tender will be considered.

4. The rate quoted in the tender should be written in figures as well as in words and it should hold good both for bull calves and buffalo bull calves that may be available, the total number for the whole year being about 200 buffalo bull calves and 20 bull calves which are only approximate.

5. About four calves may be available every week and they have to be removed every Wednesday from the Institute on payment of purchase money on the spot. The number is only approximate. If the contractor delays in removing the calves on the fixed days the animals will be retained in the Institute at the contractor's risk and he will have to pay as feeding charges annas four per calf for every day of delay till the date of removal of the animals, the maximum time allowed being ten days. These feeding charges should be paid in cash together with the purchase money before he takes delivery of the animals. In case of delays in taking delivery of the animals, the undersigned may at his discretion levy a fine not exceeding Rs. 10 (Rs. ten only) for every delay and this fine is payable in addition to the feeding charges. Failure to fulfil the above conditions on the part of the contractor will entail forfeiture of the security deposit furnished by him and further he should make good to Government any loss that may arise consequently during the whole official year.

6. No claim for any compensation or reduction of prices on any account shall be entertained.

7. The tenders will be opened by the undersigned commencing from 3 P.M. on Friday the 31st May 1940 in the presence of such tenderers as may choose to attend.

8. The undersigned does not bind himself to accept the highest rate or any tender or assign any reason whatever for the rejection of any tender.

9. The name of the successful tenderer will be intimated in due course.

10. Within seven days from the date of intimation of the acceptance of the tender, the successful tenderer will be required to execute an agreement bond (as detailed in the sample copy which will be available for reference in the office of the undersigned) on a ten-anna stamp paper depositing a sum not less than ten per cent of the total value of the tender as security towards the fulfilment of the contract in default of which his tender will be considered cancelled and his earnest money will be forfeited to Government.

11. The earnest money of the unsuccessful tenderers will be returned in due course. The earnest money of the successful tenderer will be refunded after his executing the necessary agreement bond.

12. The contract should not be sublet.

13. Preference will be given to tenders from raiyats at the discretion of the undersigned.

14. The contractor should take delivery of all and only those animals that the Superintendent offers for sale and the decision of the undersigned is final in the matter of selection of 'done' animals and also of infringement of the stipulations of the contract.

15. If the undersigned is not satisfied in respect of the financial stability of the successful tenderer, the security deposit required to be furnished by the contractor may be raised to 15 per cent or more at the discretion of the undersigned without assigning any reason whatever and his decision in the matter shall be final.

Tender Notice dated 16th March 1940.

SUPPLY OF MISCELLANEOUS ARTICLES.

Sealed tenders are invited for the supply of miscellaneous articles required for the Mysore Serum Institute at Hebbal, Bangalore, during the official year from 1st July 1940 to 30th June 1941 and will be received in the office of the undersigned up to 3 P.M. on Friday the 31st May 1940. The tenders should be sent in a sealed cover superscribed "Tender for the supply of Miscellaneous Articles required for the Serum Institute, during the official year, 1940-41."

2. The approximate quantities and description of the articles required are given in the subjoined statement and the tenderer should quote his rates against each item per unit quantity mentioned. Tenders not conforming to this will not be considered.

3. Every tenderer should deposit in the State Huzur Treasury, Bangalore, a sum of Rs. 100 as earnest money deposit towards the tender in favour of the Superintendent, Mysore Serum Institute, Bangalore, and the treasury receipt obtained therefor should accompany the tender. Without the earnest money deposit, no tender will be considered.

4. Tender rates should include the cost of delivery of the articles at the Institute premises at Hebbal, or at the Institute Reserve Depot. All corrections in figures should be attested.

5. The quantities given in the accompanying statement are only approximate and the actual quantities to be supplied during the year may be more or less. If quantities more than those mentioned in the schedule are required, the successful tenderer is bound to supply such additional quantities at the accepted tender rates. If articles other than those mentioned in the list are required, he should supply them also at the market rates prevailing at the time of placing indents.

6. No claim for any compensation or enhancement of rates on any account shall be entertained.

7. Samples of the required articles are available in the Institute Stores for inspection by the tenderers during office hours. The articles to be quoted for and to be supplied should be strictly in accordance with the samples.

8. The successful tenderer should be prepared to supply such quantities of various articles as may be required from time to time, as per indents from the Superintendent of the Institute, such indents being complied with within two days from the date of their receipt.

9. The final acceptance of any tender will rest with the Director of Agriculture who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

10. The tenders will be opened by the undersigned commencing from 3 P.M. on Friday the 31st May 1940 in the presence of such tenderers as may choose to attend.

11. The name of the successful tenderer will be intimated in due course and he will be required to execute an agreement bond (as detailed in the sample copy available for reference in the office of the undersigned) on a ten-anna stamp paper, depositing in favour of the Superintendent, Serum Institute, in the State Huzur Treasury, a sum not less than ten per cent of the value of the tender as security deposit for the due fulfilment of the contract within seven days from the date of intimation of the acceptance of the tender, failing which his earnest money will be forfeited and his tender cancelled at the option of the undersigned. It may also be noted that if the undersigned is not satisfied in respect of the financial stability of the successful tenderer, the security deposit may be raised to 15 % or more at the discretion of the Superintendent, Serum Institute, without assigning any reason and the decision of the undersigned is final in the matter.

12. Bill for the supplies made during a month should be sent early in the following month for auditing and arranging payment. The total of bills amounting to Rs. 25 or more will be rounded to the nearest rupee, *i.e.*, fractions of less than half a rupee will be disregarded and half a rupee and over taken as a rupee. The totals of bills less than Rs. 25 will be rounded to the nearest anna.

13. The articles supplied should be good and conform to the samples available in the Institute and will be liable to be rejected if they do not serve the purpose of the Institute, and the decision of the undersigned is final in respect of the acceptance of the quality.

14. The earnest money of the unsuccessful tenderers will be returned in due course. The earnest money deposit of the successful tenderer will be refunded to him after his executing the necessary agreement bond. Should the successful tenderer fail to comply with indents regularly in time or with any of the conditions stipulated above, the undersigned reserves the right to cancel his contract and to forfeit his security deposit to the Government. Further, the undersigned may purchase the articles required in the open market at the contractor's risk and expense and claim damages for any dislocation of work or loss that may arise during the whole official year in the event of the successful tenderer failing to fulfil the terms of his contract. But the contractor will have no right to participate in the profits, if any, by such purchases. A fine not exceeding Rs. 10 may also be levied at the discretion of the undersigned for any or every irregular supply or infringement of the stipulations of the contract.

SUPPLY OF SMALL ANIMALS, FLESH, EGGS, ETC.

Tender Notice dated 16th March 1940.

Sealed tenders are invited for the supply of small animals, flesh, etc., required for the Mysore Serum Institute at Hebbal, Bangalore, during the official year from 1st July 1940 to 30th June 1941 and will be received in the office of the undersigned up to 3 P.M., on Friday the 31st May 1940. The tenders should be sent in a sealed cover superscribed "Tender for the supply of small animals, flesh, etc., during the official year, 1940-41."

2. The approximate quantities and description of the animals, etc., required are given below and the tenderer should quote his rates against each item per quantity mentioned. Tenders not conforming to this will not be considered.

3. Every tenderer should deposit in the State Huzur Treasury, Bangalore, a sum of Rs. 50 as earnest money deposit towards the tender in favour of the Superintendent, Mysore Serum Institute, Bangalore, and the Treasury receipt obtained therefor should accompany the tender. Without the earnest money deposit, no tender will be considered.

4. Tender rates should include the cost of delivery of the articles at the Institute premises at Hebbal or at the Institute Reserve Depot. All corrections in figures should be attested.

5. The quantities given in the statement below are only approximate and the actual quantities to be supplied during the year may be more or less. If quantities more than those mentioned herein are required, the successful tenderer is bound to supply such additional quantities also at the accepted tender rates. If articles other than those mentioned in the list are required, he should supply them also at the market rates prevailing at the time of placing indents.

6 No claim for any compensation or enhancement of rates on any account shall be entertained.

7. The successful tenderer should be prepared to supply such quantities of various materials as may be required from time to time, upon indents from the Superintendent of the Institute, such indents being complied within twenty-four hours from the date of their receipt or as specified in the indent.

8. The undersigned does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

9. The tenders will be opened by the undersigned commencing from 3 P.M., on Friday the 31st May 1940, in the presence of such tenderers as may choose to attend.

10. The name of the successful tenderer will be intimated in due course and he will be required to execute an agreement bond (as detailed in the sample copy available for reference in the office of the undersigned) on a ten anna stamp paper, depositing in favour of the Superintendent, Serum Institute, in the State Huzur Treasury, a sum not less than ten per cent of the value of the tender as security deposit for the due fulfilment of the contract, within seven days from the date of intimation of the acceptance of the tender, failing which his earnest money will be forfeited and his tender cancelled at the option of the undersigned. If may also be noted that if the Superintendent, Serum Institute is not satisfied in respect of the financial stability of the successful

tenderer the security deposit may be raised to 15 per cent or more at the discretion of the undersigned without assigning any reason and his decision in the matter is final.

11. Bill for the supplies made during the month should be sent early in the following month for audit and arranging payment. The total of bills amounting to Rs. 25 or more will be rounded to the nearest rupee, *i.e.*, fractions of less than half a rupee will be disregarded and half a rupee and over taken as a rupee. The total of bills less than Rs. 25 will be rounded to the nearest anna.

12. The articles supplied should be good and suitable to the Institute work and will be liable to be rejected if they do not serve the purpose of the Institute at the discretion of the undersigned.

13. The earnest money of the unsuccessful tenderers will be returned in due course. The earnest money deposit of the successful tenderer will be refunded to him after his executing the necessary agreement bond. Should the successful tenderer fail to comply with any of the conditions stipulated above, the undersigned reserves the right to cancel his contract and to forfeit his security deposit to Government. Further, the undersigned may purchase the articles required in the open market at the contractor's risk and expense, and claim damages for any dislocation of work or loss that may arise during the whole official year in the event of the successful tenderer failing to fulfil the terms of his contract. But the contractor will have no right to participate in the profits, if any, by such purchases. A fine not exceeding Rs. 10 may also be levied at the discretion of the undersigned for any or every irregular supply or infringement of the stipulations of the contract.

SUPPLY OF HE-BUFFALOES.

Tender Notice dated 16th March 1940.

Sealed tenders will be received up to 3 P.M. on Friday the 31st May 1940 in the Office of the Superintendent, Serum Institute, Bangalore, for the supply of he-buffaloes to the Serum Institute during the official year from 1st July 1940 to 30th June 1941.

2. Tenders should be made in sealed covers superscribed "Tenders for the supply of he-buffaloes to the Serum Institute at Hebbal during the official year 1940-41". The rates should be for animals as described in para 12.

3. Every tenderer should deposit in the State Huzur Treasury, Bangalore, a sum of Rs. 100 as earnest money towards the tender in favour of the Superintendent, Mysore Serum Institute, Bangalore, and the treasury receipts obtained therefor should accompany the tender. Without the earnest money deposit no tender will be considered.

4. The tenders will be opened by the Superintendent commencing from 3 P.M. on the same day in the presence of such tenderers as may choose to attend.

5. About 100 he-buffaloes may be required during the official year, the exact number of animals to be supplied being more or less than the number mentioned and the contractor is to supply all the required number of animals at the same accepted rate during the whole year.

6. The final acceptance of any tender will rest with the Director of Agriculture who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

7. The rates quoted should be in figures as well as in words and should include all charges for free delivery of the animals either at the Institute premises or at the Reserve Depot of the Institute. All corrections in figures should be duly attested.

8. The name of the successful tenderer will be intimated in due course and he will be required to execute an agreement as detailed in the sample copy available for reference in the Office of the undersigned, on a ten-anna stamp paper depositing in the State Huzur Treasury a sum not less than ten per cent of the value of the tender within seven days from the date of intimation of the acceptance of the tender as security deposit for the due fulfilment of the contract, in default of which, his tender will be cancelled and the earnest money forfeited. It may also be noted that if the undersigned is not satisfied in respect of the financial stability of the successful tenderer, the security deposit to be furnished by the contractor may be raised to 15% or more at the discretion of the undersigned without assigning any reason and his decision in the matter is final. The earnest money deposit of the unsuccessful tenderers will be arranged to be refunded in due course. The earnest money deposit of the successful tenderer will be refunded to him after his executing the necessary agreement bond.

9. The successful tenderer should be prepared to supply such number of animals as may be required from time to time upon indents from the Superintendent of the Institute within twenty days from the date of receipt of the indents.

10. No claim for any compensation or enhancement of prices on any account over the tendered rate will be entertained.

11. Payments to the contractor for buffaloes supplied will be arranged by the undersigned as soon as possible after the contractor submits his bill for the same early in the following month with all the relative receipts attached thereto. The total of the bills amounting to Rs. 25 or more will be rounded to the nearest rupee, *i.e.*, fractions of less than half a rupee will be disregarded and half a rupee and over taken as a rupee. The total of bills less than Rs. 25 will be rounded to the nearest anna.

12. The tenderers should note the following conditions as regards the supply of he-buffaloes :—

(*a*) tenders should be for the supply of he-buffaloes which should be only from 5 to 8 years of age, in good condition and in perfect health ;

(*b*) each animal should weigh not less than 400 lbs. ; and

(*c*) animals which have been previously protected against Rinderpest by the S. S, method of inoculation and those which have recovered from a previous attack of Rinderpest as well as those that have been formerly in use in the Institute will not be accepted.

13. The undersigned reserves to himself the right to keep the animals under observation for one week prior to final acceptance entirely at the contractor's risk and also to reject any animal at any time within the week of provisional acceptance without assigning any reason for the same. Such animals should be removed by the contractor immediately on receipt of notice to do so from the undersigned and they shall be replaced within a week by fresh and suitable animals. Should there be any delay in taking delivery of the rejected animals within two days from the date of despatch of intimation of rejecting them, or before the 8th day from the date of supply the animals will be retained in the Institute only at the Contractor's risk and he shall pay feeding charges at annas eight per animal per day from the third day of intimation or 8th day of supply whichever is earlier, till the date of removal of those rejected animals ; the amount so accrued will be deducted from the supply bill of the contractor, if in the meantime payment of the same in cash is not made by him. It may noted that the non-receipt of intimation by the contractor connot be an excuse for any delay in taking delivery inasmuch as that it is the primary responsiblity of the contractor to ascertain whether any animals are rejected during the observation period.

14. A fine not exceeding Rs. 50 will be levied at the discretion of the undersigned for every infringement of the stipulation of the contract or for any attempt to impose upon the undersigned S. S. inoculated or rejected or used he-buffaloes, etc., and if the stipulations of the contract be frequently violated, the contract will be annulled and the security deposit forfeited to Government at the discretion of the undersigned, the contractor being made liable to make good to Government all the other losses that the Government may be put to consequently during the whole official year.

15. If, owing to any delay in supplying the he-buffaloes, the undersigned is forced to purchase them elsewhere, it will be done at the risk of the contractor and any extra cost so incurred will be recovered from him independently of any fine that may be levied on him under the above clause ; but the tenderer shall not participate in the profits, if any, by such purchases.

16. The contract should not be sublet.

17. The decision of the undersigned shall be final in all questions of acceptance of he-buffaloes and also of infringement of the stipulation of the contract.

18. Any further information may be had from the undersigned on working days between 2 P.M. and 4 P.M. in his office.

SUPPLY OF BUFFALO BULL CALVES AND BULL CALVES.

Tender Notice dated 16th March 1940.

Sealed tenders for the supply of buffalo bull calves and bull calves required for the Mysore Serum Institute at Hebbal, Bangalore, during the official year from 1st July 1940 to end of June 1941 will be received in the Office of the Superintendent, Serum Institute, Bangalore, up to 3 P.M. on Friday the 31st May 1940.

2. The tenders should be made in sealed covers superscribed "Tenders for the supply of buffalo bull calves and bull calves to the Mysore Serum Institute during the year 1940-41."

3. The tender rate quoted should be inclusive of all charges for free delivery of the calves at the Institute premises at Hebbal, or at the Institute Reserve Depot.

4. Every tenderer should deposit in the State Huzur Treasury a sum of Rs. 100 as earnest money towards the tender in favour of the Superintendent, Mysore Serum Institute, Bangalore, and the Treasury Receipt obtained therefor should accompany the tender. Without earnest money deposit, no tender will be considered.

5. The tenders will be opened by the Superintendent commencing from 3 P.M. on the same day in the presence of such tenderers as may choose to attend.

6. About 250 buffalo bull calves and 25 bull calves may be required to be supplied during the year but the number is only approximate. If necessary, more or less than the number mentioned will have to be supplied at the same accepted rate during the whole year.

7. The contractor should be prepared to supply from time to time the number of calves required of him by the Superintendent, Serum Institute, within the period specified in the indent.

8. The final acceptance of any tender will rest with the Director of Agriculture who does not bind himself to accept the lowest rate quoted or any tender or to assign any reason whatever for the rejection of any tender.

9. The rate quoted should be in figures as well as in words. Separate rates should be quoted for buffalo bull calves and bull calves. The rate quoted for each item will be considered as a separate tender by itself. All corrections in figures should be duly attested.

10. No claim for any compensation or enhancement of rates on any account shall be entertained.

11. The name of the successful tenderer will be intimated in due course. Every successful tenderer will be required to execute an agreement as detailed in the sample copy available for reference in the office of the undersigned on a ten-anna stamp paper, depositing a sum not less than 10 per cent of the value of the tender as security deposit in the State Huzur Treasury, in favour of the Superintendent, Serum Institute, within seven days from the date of intimation of the acceptance of the tender for the due fulfilment of the contract, failing which his tender will be cancelled and the earnest money forfeited. It may also be noted that if the undersigned is not satisfied in respect of the financial stability of the successful tenderer, the Security deposit may be raised to 15% or more at the discretion of the Superintendent, Serum Institute, without assigning any reason whatsoever and the decision of the undersigned shall be final in the matter. The earnest money of the unsuccessful tenderers will be arranged to be refunded in due course. The earnest money deposit of the successful tenderers will be refunded to them after their executing the necessary agreement bonds.

12. Payments to the contractor for calves supplied will be arranged by the undersigned as soon as possible after the contractor submits his bill for the same early in the following month with all the relative vouchers. The total of bills amounting to Rs. 25 or more will be rounded to the nearest rupee, *i.e.*, fractions of less than half a rupee will be disregarded and half a rupee and over will be taken as a rupee. The totals of bills less than Rs. 25 will be rounded to the nearest anna.

13. The tenderers should note the following conditions as regards the supply of buffalo bull calves and bull calves :—

(*a*) Tenders should be for the supply of only buffalo bull calves and bull calves which should be from 1 to 3 years of age, in good condition and in perfect health.

(*b*) Each buffalo bull calf should weigh not less than 180 lbs., and each bull calf 150 lbs.

(*c*) Animals which have been previously protected against Rinderpest by the S. S. method of inoculation and those which have recovered from a previous attack of Rinderpest as well as those that have been formerly used in the Institute will not be accepted.

14. The undersigned reserves to himself the right to keep the animals under observation for four days prior to final acceptance entirely at the risk of the contractors and also to reject any animal at any time within those four days without assigning any reason for the same. Such animals shall be removed by the contractor immediately on receipt of intimation from the undersigned and they should be replaced within four days by an equal number of animals that may be acceptable to the undersigned. In case there is any delay in taking delivery of the rejected animals within two days at the latest from the date of despatch of intimation of rejecting them on the 5th day of supply even without any intimation, the animals will be retained in the Institute only at the risk of the contractor and he shall pay feeding charges at four annas per animal per day from the third day of intimation or the 5th day of supply whichever is earlier, till the date of

removal of those rejected animals; the amount so accrued will be deducted from the supply bill of the contractor if in the meantime payment of the same in cash is not made by him. It may also be noted that the non-receipt of intimation by the contractor cannot be an excuse for any delay in taking delivery inasmuch as that it is the primary responsibility of the contractors to ascertain whether any animals are rejected during the observation period.

15. A fine not exceeding Rs. 30 will be levied at the discretion of the undersigned for every infringement of the stipulation of the contract or for any attempt to impose upon the undersigned S.S. inoculated or rejected or used buffalo bull calves and bull calves, etc., and if the stipulations of the contract be frequently violated, the contract will be annulled and the security deposit forfeited to Government at the discretion of the undersigned, the contractor being made liable to make good to Government all the other losses that the Government may be put to consequently during the whole official year.

16. If, owing to any delay in supply, the undersigned is obliged to purchase calves elsewhere, he will do so at the risk of the contractor and any extra cost involved will be recovered from him independently of any fine that may be also levied on him as per para. No. 15. But the contractor shall have no claim on the profits, if any, by such purchases.

17. The contract should not be sublet.

18. The decision of the undersigned shall be final in all questions of acceptance of buffalo bull calves and bull calves, and also of infringement of the stipulations of the contract.

19. Any further information relating to the supply of buffalo bull calves and bull calves may be had from the undersigned on working days between 2 P.M. and 4 P.M. in his office.

SUPPLY OF HE-GOATS AND SHEEP.

Tender Notice dated 16th March 1940.

Sealed tenders for the supply of he-goats and sheep required for the Mysore Serum Institute at Hebbal, Bangalore, during the official year from 1st July 1940 to 30th June 1941, will be received in the Office of the Superintendent, Mysore Serum Institute, Bangalore, up to 3 P.M. on Friday the 31st May 1940.

2. The tenders should be sent in sealed covers superscribed "Tenders for the supply of he-goats and sheep to the Mysore Serum Institute during the year 1940-41".

3. The tender rates quoted should be inclusive of all charges for free delivery of the goats and sheep at the Institute premises at Hebbal or at the Institute Reserve Depot.

4. Every tenderer should deposit in the State Huzur Treasury, a sum of Rs. 100 as earnest money towards the tender in favour of the Superintendent, Mysore Serum Institute, Bangalore, and the Treasury Receipt relating thereto should accompany the tender. Without the earnest money deposit, no tender will be considered.

5. The tenders will be opened by the undersigned commencing from 3 P.M. on the same day in the presence of such tenderers as may choose to attend.

6. About 400 he-goats and 50 sheep may be required to be supplied during the year. The numbers are only approximate and the Superintendent reserves the right to order for more or less than the number mentioned at the same accepted rate.

7. For the supply of he-goats, two contractors may be selected out of the tenderers at the option of the undersigned. Each contractor should be prepared to supply from time to time the number of goats required by the Superintendent of the Institute, within the period specified in the indent.

8. The final acceptance of the tendered rates for the supply of he-goats and sheep will rest with the Director of Agriculture who does not bind himself to accept the lowest rate quoted or any tender or to assign any reason whatever for the rejection of any tender.

9. Every one of the selected contractors will be considered as a separate and an independent supplier to the Institute.

10. The rate quoted should be in figures as well as in words. Separate rates should be quoted for he-goats and sheep. The rate quoted for each item, *i.e.*, he-goats and sheep, will be considered as a separate tender by itself. All corrections in figures should be duly attested.

11. No claim for any compensation or enhancement of rates on any account shall be entertained.

12. The names of the successful tenderers will be intimated in due course. Every successfu tenderer will be required to execute an agreement as detailed in the sample copy available for reference in the office of the undersigned, on a ten-anna stamp paper depositing a sum not less than 10 per cent of the value of the tender as security deposit in the State Huzur Treasury, in favour of the Superintendent, Serum Institute, within seven days from the date of intimation of the acceptance of the tender for the due fulfilment of the contract, failing which his tender will be cancelled and earnest money forfeited. It may also be noted that if the undersigned is not satisfied in respect of the financial stability of the approved contractors, the Security deposit may be raised to 15%

or more at the discretion of the Superintendent, Serum Institute, without assigning any reason whatsoever and the officer's decision in the matter shall be final. The earnest money of the unsuccessful tenderers will be arranged to be refunded in due course. The earnest money of the successful tenderers will be refunded to them after their executing the necessary agreement bond.

13. The successful tenderers should be prepared to supply such number of animals as may be required from time to time on indent from the Superintendent within the time specified by him.

14. Payments to the contractors for the animals supplied will be arranged by the undersigned as soon as possible after the contractor submits his bill for the same early in the following month with the relative receipts attached thereto. While arranging payment of his bills, the contractor should accept the following conditions :—

(a) The total of bills amounting to Rs. 25 or more will be rounded to the nearest rupee, *i.e.*, fractions of less than half-a-rupee will be disregarded and half-a-rupee and over will be taken as a rupee.

(b) The total of bills less than Rs. 25 will be rounded to the nearest anna.

15. The tenderers should note the following conditions :—

(a) Tenders should be for the supply of he-goats and sheep which should be only from 1 to 3 years of age, in good condition and in perfect health.

(b) Each he-goat should weigh not less than 50 lbs., and each sheep 35 lbs.

(c) Animals which have been previously protected against Rinderpest by S.S. method of inoculation and those which have recovered from a previous attack of Rinderpest as well as those that have formerly been used in this Institute will not be accepted.

16. A fine not exceeding Rs. 30 will be levied at the discretion of the undersigned for every infringement of the stipulation of the contract or for any attempt to impose upon the undersigned S.S. inoculated or rejected or used animals, and if the stipulations of the contract be frequently violated, the contract will be annulled and the security deposit forfeited to Government at the discretion of the undersigned, who will also have the right to claim damages for any dislocation of work or loss that may arise during the whole official year on account of breach of contract.

17. The undersigned reserves to himself the right to keep the animals under observation for four days prior to final acceptance entirely at the contractor's risk and also to reject any animal at any time within those four days without assigning any reason for the same. Such animals shall be removed by the contractor immediately on receipt of intimation from the undersigned and they should be replaced within four days by an equal number of animals that may be acceptable to the undersigned. In case there is any delay in taking delivery of the rejected animals within two days at the latest from the date of despatch of intimation from the office regarding the rejection of them or before the 5th day from the date of supply even without formal intimation from this office, the animals will be retained in the Institute only at the risk of the contractor and he shall pay feeding charges at annas four per animal per day from the third day of intimation or the 5th day of supply whichever is earlier, till the date of removal of those rejected animals; the amount so accrued will be deducted from the supply bill of the contractor if in the meantime payment of the same in cash is not made by him. It may be noted that the non-receipt of the intimation in time cannot be an excuse as it is primarily the responsibility of the contractor to ascertain whether any animals are rejected during the observation period.

18. If, owing to any delay in supply, the undersigned is obliged to purchase animals elsewhere, he will do so at the risk of the contractor and any extra cost involved will be recovered from him independently of any fine that may be also levied on him as per para 16. But the contractor shall have no claim on the profits, if any, by such purchases.

19. The contract should not be sublet.

20. The decision of the undersigned shall be final in all questions of acceptance of he-goats and sheep and also of infringement of the stipulations of the contract.

21. Any further information relating to the supply of he-goats and sheep may be had from the undersigned on working days between 2 P.M. and 4 P.M., in his office.

SUPPLY OF GREEN LEAVES, FOR FEEDING SHEEP AND GOATS.

Tender Notice dated 16*th March* 1940.

Sealed tenders for the supply of green leaves, required for the animals of the Mysore Serum Institute at Hebbal, Bangalore, will be received by the undersigned in his office up to 3 P.M., on Friday the 31st May 1940.

2. The supply on indents shall commence from 1st July 1940 and continue till the end of the official year, *i.e.*, 30th June 1941.

3. The tender should be sent in sealed cover superscribed "Tender for the supply of green leaves, for the animals of the Serum Institute." The tenders should be in the undermentioned form and the rates quoted should be written in words as well as in figures. All corrections in figures should be attested.

4. A sum of Rs. 25 should be deposited in the State Huzur Treasury, Bangalore, as earnest money in favour of the Superintendent, Mysore Serum Institute, and the treasury chellan obtained therefor should accompany the tender. Without the earnest money deposit no tender will be considered.

5. The tender rate quoted should include all the charges for free delivery of the green leaves, at the Institute premises at Hebbal, or at the Institute Reserve Depot. The tenders will be opened commencing from 3 P.M., on the same day in the presence of such tenderers as may choose to attend.

6. The quantities mentioned in the statement below are only approximate; and the undersigned may, if necessary, order for more or less quantities from the successful tenderer at the same accepted rate.

7. No claim for compensation or enhancement of rate on any account over the tendered rate shall be entertained.

8. The approved contractor must be prepared to supply from time to time the quantities of leaves, required of him by the Superintendent of the Serum Institute within the period specified in the indent and two contractors may be selected out of the tenderers at the option of the undersigned.

9. The final acceptance of any tender will rest with the Director of Agriculture, who does not bind himself to accept the lowest rate quoted or any tender or to assign any reason whatever for the rejection of any tender.

10. The name of the successful tenderer will be intimated in due course and he will be required to execute an agreement bond as detailed in the sample copy available for reference in the office of the undersigned on a ten anna stamp paper, depositing a sum not less than ten per cent of the total value of the tender at the accepted tender rate, for the due fulfilment of the contract within seven days from the date of intimation of the acceptance of the tender, failing which, his tender will be cancelled and the earnest money forfeited to Government. It may also be noted that if the undersigned is not satisfied in respect of the financial stability of the successful tenderer the security deposit may be raised to 15 % or more at the discretion of the undersigned without assigning any reason and his decision in the matter is final. The earnest money of the unsuccessful tenderers will be arranged to be refunded in due course. The earnest money of the successful tenderer will be refunded to him after his executing the necessary agreement bond. Bills for supplies made during the month should be submitted early in the following month for audit and arranging payments. The total of bills amounting to Rs. 25 or more will be rounded to the nearest rupee, *i.e.*, fractions of less than half a rupee will be disregarded and half a rupee and over will be taken as a rupee. The total of bills less than Rs. 25 will be rounded to the nearest anna only.

11. The tenders should be for the supply of good green leaves suitable for being consumed by sheep and goats and any withered or otherwise spoiled leaves will be liable to be rejected.

12. In the event of the successful tenderer failing to fulfil any of the terms of his contract or failing to supply the green leaves, within the required time as per indents sent, the Superintendent reserves the right to purchase the leaves, required in the open market at the risk of the contractor, his deposit amount being forfeited to Government, and to claim damages for any dislocation of work or loss that may arise during the whole official year; but the contractor will have no right to participate in the profits, if any, by such purchases. A fine not exceeding Rs. 10 may also be levied at the discretion of the undersigned for any or every irregular supply or infringement of the stipulations of the contract.

PURCHASE OF GOATS AND SHEEP.

Notice dated 16th March 1940.

Sealed tenders will be received in the Office of the Superintendent, Mysore Serum Institute, Hebbal, Bangalore, up to 3 P.M., on Friday the 31st May 1940, for buying Goats and Sheep, which have been used in the Institute during the year ending 30th June 1941.

2. Tenders should be superscribed "Tenders for the purchase of done and branded goats and sheep from the Institute."

3. A sum of Rs. 100 should be deposited in the State Huzur Treasury, Bangalore, as earnest money towards the tender in favour of the Superintendent, Mysore Serum Institute, and the treasury challan relating thereto should be attached to the tender. Without the earnest money deposit, no tender will be considered.

4. The rate quoted in the tender should be written in figures as well as in words and the same rate should hold good both for goats and sheep that may be available, the total number for the whole year being about 300 goats and 40 sheep which are only approximate.

5. About ten animals may be available every week and they have to be removed every Wednesday from the Institute on payment of purchase money on the spot. The number is only approximate. If the contractor delays in removing the animals on the fixed days they will be retained in the Institute only at the contractor's risk and he will have to pay as feeding charges, annas two per goat or sheep for every day of delay till the date of removal of the animals, the maximum time allowed being only ten days. These feeding charges should be paid in cash together with purchase money before he takes delivery of the animals. In case of delays in taking delivery of the animals the undersigned may at his discretion levy a fine not exceeding Rs. 10 for every delay and this fine is payable in addition to the feeding charges. Failure to fulfil the above conditions on the part of the contractor will entail forfeiture of the security deposit furnished by him and further he should make good to Government any loss that may arise consequently during the whole official year.

6. No claim for any compensation or reduction of prices on any account shall be entertained.

7. The tenders will be opened by the undersigned commencing from 3 P.M., on Friday the 31st May 1940 in the presence of such tenderers as may choose to attend.

8. The undersigned does not bind himself to accept the highest rate or any tender or assign any reason whatever for the rejection of any tender.

9. The name of the successful tenderer will be intimated in due course.

10. Within seven days from the date of intimation of the acceptance of the tender, the successful tenderer will be required to execute an agreement bond (as detailed in the sample copy which will be available for reference in the office of the undersigned) on a ten-anna stamp paper furnishing a sum not less than 10% of the total value of the tender as security deposit towards the fulfilment of the contract in default of which his tender will be considered cancelled and his earnest money will be forfeited to Government.

11. The earnest money of the unsuccessful tenderers will be returned in due course. The earnest money of the successful tenderer will be refunded after his executing the necessary agreement bond.

12. The contract should not be sublet.

13. Preference will be given to tenders from raiyats at the discretion of the undersigned.

14. The contractors should take delivery of all and only those animals that the Superintendent offers for sale and the decision of the undersigned is final in the matter of selection of done animals and also of infringement of the stipulations of the contract.

15. If the undersigned is not satisfied in respect of the financial stability of the successful tenderer, the security deposit required to be furnished by the contractor may be raised to 15% or more at the discretion of the undersigned without assigning any reason whatsoever and his decision shall be final in the matter.

PURCHASE OF HE-BUFFALOES.

Notice dated 16th March 1940.

Sealed tenders will be received in the Office of the Superintendent, Mysore Serum Institute, Bangalore, up to 3 P.M., on Friday the 31st May 1940, for buying he-buffaloes which have been used in the Institute, as and when they are ready to be disposed of at the Institute premises from 1st July 1940 to 30th June 1941.

2. Tenders should be sent in sealed covers and superscribed "Tenders for the purchase of done and branded he-buffaloes from the Institute."

3. A sum of Rs. 100 should be deposited in the State Huzur Treasury, Bangalore, as earnest money towards the tender in favour of the Superintendent, Mysore Serum Institute, Bangalore

and the treasury challan relating thereto should be attached to the tender. Without the earnest money deposit, no tender will be considered.

4. The rate quoted in the tender should be written in figures as well as in words.

5. About 25 buffaloes may be available about once in three months and they have to be removed on payment of the purchase money, from the Institute premises on the dates fixed by the undersigned which will be intimated to the contractor a fortnight in advance. This number is only approximate. If the contractor delays in removing the he-buffaloes on the dates fixed by the officer, the animals will be retained in the Institute only at the contractor's risk and he will have to pay as feeding charges, annas eight per he-buffalo for every day of delay till the date of their removal, the maximum time allowed being ten days. This feeding charge should also be paid in cash together with the purchase money before he takes delivery of the animals. In case of delays in taking delivery of the animals, the undersigned may at his discretion levy a fine not exceeding Rs. 10 for every delay and this fine is payable in addition to the feeding charges. Failure to fulfil the above conditions on the part of the contractor will entail forfeiture of the money deposited in the treasury and further, he must make good to Government any loss that may arise consequently during the whole official year.

6. The tenders will be opened by the undersigned commencing from 3 P.M., on Friday the 31st May 1940 in the presence of such tenderers as may choose to attend.

7. The undersigned does not bind himself to accept the highest rate or any tender or to assign any reason whatever for the rejection of any tender.

8. No claim for any compensation or reduction of prices on any account shall be entertained.

9. The name of the successful tenderer will be intimated in due course.

10. Within seven days from the date of intimation of the acceptance of the tender, the successful tenderer shall be required to execute an agreement bond (as detailed in the sample copy which is available for reference in the office of the undersigned) on a ten-anna stamp paper furnishing a sum not less than 10 per cent of the total value of the tender as security deposit towards the fulfilment of the contract, in default of which his tender will be considered cancelled and his earnest money will be forfeited.

11. The earnest money of the unsuccessful tenderers will be returned in due course. The earnest money of the successful tenderer will be refunded after his executing the necessary agreement bond.

12. The contract should not be sublet.

13. Preference will be given to tenders from raiyats at the discretion of the undersigned.

14. The contractor should take delivery of all and only those animals that the Superintendent offers for sale and the decision of the undersigned is final in the matter of selection of done animals and also of infringement of the stipulations of the contract.

15. If the undersigned is not satisfied in respect of the financial stability of the successful tenderer, the security required to be furnished by the contractors may be raised to 15 per cent or more at the discretion of the undersigned without assigning any reason whatever and his decision in the matter is final.

Please be good enough to intimate your best prices and the earliest time of delivery for the materials described in the form printed below.

It should be distinctly understood that the acceptance by us of your quotation will be subject to the following conditions :—

Withdrawal from the quotation after it is accepted or failure to make the supply within the specified time or according to specifications will entail cancellations of the order and purchases being made at your expense from other sources in addition to the levy of a penalty of 3 per cent of the value of the order as and by way of liquidated damages. In such an event, the Stores Purchase Committee reserve the right to remove your name from the list of approved firms.

The quotations should be superscribed "Quotations for Sluice Valves", with the above enquiry Number.

This enquiry will be closed on the 30th March 1940.

Abstract Notification dated 21st March 1940.

The attention of the public is invited to notification, dated 20th March 1940, published in page 653 of Part VI of the *Mysore Gazette*, dated 28th March 1940, regarding the tenders for running the Hindu Restaurant attached to the Insurance Office Buildings, Bangalore.

The last date of tender is 15th April 1940.

Notification dated 30th March 1940.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Buildings Division, up to 19th April 1940 up to 2 P.M. for improving Scavengers' Lines in Mysore Infantry, Hebbal, Bangalore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of September 1940.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore, between the hours of 11 A.M. and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer at a cost of annas four. The tenders should be accompanied by a statement in the form given below showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 180 (Rupees one hundred and eighty only) in cash or Government Promissory Notes as earnest money, and be superscribed "Tender for improving Scavengers' Lines in Mysore Infantry, Hebbal, Bangalore," in default of which tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Rates must be given in words as well as in figures and they must be in specific term of unit shown against each item of work. Any rate quoted at so much percentage less or more than estimated rate will not be accepted.

M. K. RAJAM IYENGAR,
Executive Engineer.

WATER SUPPLY DIVISION, BANGALORE.

Abstract Notification dated 16th February 1940.

The attention of the public is hereby invited to the detailed notification, calling for tenders for constructing an R.C.C. tank of 1,00,000 gallons capacity as per specification near the New Mental Hospital, Bangalore, published in pages 634-635, Part VI of the *Mysore Gazette*, dated 21st March 1940.

Last date of receipt of the tender is 3 P.M. on the 6th April 1940. Each tender should accompany with a duplicate challan for having credited the deposit amount of Rs. 750 into the treasury under "17 (a) P. W. Deposits."

M. K. NARASIMHA IYER,
Executive Engineer.

BANGALORE DIVISION.

Notification dated 30th March 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 2 P.M. on 19th April 1940, for restoring Ballagere tank, Reg. No. 101 of Nelamangala Taluk.

2. Tenders in the prescribed form obtainable on payment of Re. 0-4-0 per form from the Office of the Executive Engineer, Bangalore Division, should be addressed to the Executive Engineer, Bangalore Division, in a sealed cover and be superscribed as "Tender for Restoring Ballagere Tank, Reg. No. 101 of Nelamangala Taluk." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a duplicate challan for having credited into the Treasury the deposit amount of Rs. 200 under "17 (a) P. W. Deposits" or Mysore Government Bonds, duly endorsed at face value or market value, whichever is less, as earnest money. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 19th April 1940 at 3 P.M. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful

tenderer will be required to execute an agreement in the departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Bangalore, on all working days between 11 A.M. and 5 P.M. and may be obtained from that officer on payment of Rs. 3 for each.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department Schedule of Rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of September 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 1-4-0 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.

(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

N. LAKSHMINARASIMIAH,
Executive Engineer

KOLAR DIVISION.

Notification dated 28th March 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Kolar Division, up to 2 P.M. on 22nd April 1940, for restoring Purahalli Devarkere, unrestored Major Tank. Reg. No. 257/681 of Kolar Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Kolar Division, should be addressed to the Executive Engineer, Kolar Division, in a sealed cover and superscribed as "Tender for restoring Purahalli Devarkere," The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury chellan for earnest money of Rs. 295 paid to the treasury to the credit of "17(*a*) P. W. Deposits," against the account of the Executive Engineer, Kolar Division. The earnest money of the successful tenderer will be retained as security for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 22nd April 1940 at Kolar. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications. A reserve of 5 per cent will be withheld in the work bills of the contractor and the same repaid after the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Kolar, on all working days between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same. When lumpsum provisions are shown in the schedule of quantities the contractor will be paid at either his tendered rate for each item or the prevailing schedule of rates in the Division at the discretion of the Executive Engineer.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative and may be due to any reasons whatsoever. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of June 1941, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.

(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.

(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.

(4) Arrange for protecting work during inclement weather.

(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.

(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.

(7) Clean away all dirt rubbish, superfluous materials and debris as they accumulate.

(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

N.B.—Copies of tenders in the prescribed form are obtainable from the Office of the Executive Engineer, Kolar Division, Kolar, only on a payment of four annas per form.

P. SUBBA RAO,
Executive Engineer.

KADUR DIVISION.

Abstract Notification dated 14th March 1940.

The attention of the public is invited to the Notification published on pages 590-592, Part VI of the *Mysore Gazette*, dated 21st March 1940, calling for tenders for the works connected with the "Tarring of Kadur-Mangalore Road in front of Coffee Curing Works at Chikmagalur."

The last date of receipt of tenders in this office is 6th April 1940.

Notification dated 25th March 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Kadur Division, Chikmagalur, up to 3 P.M. on 15th April 1940 for the work of improvements to entrance to Chikmagalur Town by widening the road and Bridge across wasteweir in 8/153 of Kadur-Mangalore Road at Chikmagalur.

2. Tenders in the prescribed form obtainable in the Office of the Executive Engineer, Kadur Division, Chikmagalur, on payment of annas four per each copy should be addressed to the Executive Engineer, Kadur Division, Chikmagalur, and should be superscribed as "Tender for the work of improvements to entrance to Chikmagalur Town by widening the road and bridge across waste weir in 8/153 of Kadur-Mangalore Road, Chikmagalur." The name of the tenderer should also be superscribed on the sealed cover.

3. Each tender should be accompanied by a treasury challan for Rs. 320 (rupees three hundred and twenty), only, credited to 17(*a*) P. W. deposits in any approved Government Treasury. The earnest money of the successful tenderer will be retained as cash security for the due fulfilment of the contract. Cash amount will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on the date at the time of opening. The final acceptance of the tender will rest with the Executive Engineer, Kadur Division, who does not bind himself to accept the lowest or any tender, or to assign any reasons whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Office of the Executive Engineer in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute the agreement in the departmental schedule contract form, for the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. Copies of contract documents, estimates and drawings may be seen at any time at the Office of the Executive Engineer, Kadur Division, Chikmagalur, on all working days between 11 A.M. and 5 P.M.

8. Specific rates should be given for each item in the schedule and the rates should be in rupees, annas and pies and expressed in words and figures.

9. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer will not be taken notice of. The rates tendered should include all such lumpsum items.

10. No alterations which are made by the tenderers in the contract documents, in the nomenclature of the sanctioned sub-heads will be recognised and if corrections are made, the tenders will be liable to rejection.

11. There should be no corrections or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

12. No reference should be made to the Public Works Department current schedule of rates.

13. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member therefor or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

14. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates to be proposed by the Executive Engineer, Kadur Division, and approved by the Superintending Engineer shall be final and legally binding on the tenderer.

15. The quantities in estimates are only approximate and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer, Kadur Division, or his representative. The tendered rates will hold good for any quantity whether it is higher or lower than those estimated for.

16. The work should be completed as per departmental specifications for different items and be handed over to the Public Works Department by the end of June 1940, failing which the Executive Engineer may, at his discretion, levy a penalty up to Rs. 100 which will be recovered from the contractor's outstandings for the period exceeded by him over the time specified above.

17. In all matters of dispute of any kind not specially provided for in the agreement or of rates, penalties, measurements, quantity of work, etc., the decision of the Executive Engineer Kadur Division, shall be final and legally binding.

18. The earnest money of rejected tenders will be returned on surrender of the receipts originally granted, along with an application to the Executive Engineer, Kadur Division, Chikmagalur.

19. No claims for damages for delays caused by officers of the department in the execution of work will be considered, whatever may be the reason for such delays. Contractors should bear this in mind when tendering for work. Extension of time due to delays caused by the departmental officers will be however, considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools, plant and machinery that will be supplied by the department in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer, and the tenderer will pay the hire, etc., on machinery at the prescribed per cent per annum of the booked value of the tools and plant supplied from the date of taking over of tools and plant from the Stores to the date of return to the Stores, the dates considered being the dates of acknowledgements of the vouchers in each transaction.

22. The Chamundi Brand cement must be used for the work.

23. The contractors should arrange for the payment of royalty and tolls.

M. A. RAMANUJAM,
Executive Engineer.

CHITALDRUG DIVISION.

Notification dated 25th March 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Chitaldrug Division, up to 3 P.M. on 10th April 1940, for constructing a bridge across left Waste Weir Valley of Dharampur Tank, Hiriyur Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Chitaldrug Division, should be addressed to the Executive Engineer, Chitaldrug Division, in a sealed cover and superscribed as "Tender for constructing a bridge across left Waste Weir Valley of Dharampur Tank, Hiriyur Taluk." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury challan for having credited to "17 (a) P.W. Deposits" a sum of Rs. 220 (Rupees two hundred and twenty only) in cash or Government Promissory Notes or Mysore Government Bonds, duly endorsed at face value or market value, whichever is less, as earnest money. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 10th April 1940 at 3 P.M. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental Schedule Contract Form for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of tender notification, contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Chitaldrug, on all working days, between 11 A.M. and 5 P.M. and the tender form be obtained from that officer on payment of four annas.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumsump amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The work should be completed and handed over in a tidy condition to the Public Works Department by the end of 15th September 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. per day, which will ordinarily be calculated at 12 per cent. per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.

(2) Provide all necessary scaffolding, centering labour and appliances for hoisting.

(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.

(4) Arrange for protecting work during inclement weather.

(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.

(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.

(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.

(8) Provide arrangements for pumping and baling of water from excavations and foundations, wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work, and he must take precaution against all risk of accidents and, if necessary, provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

23. Chamundi Brand Cement should to be used.

24. Items of work not included in the estimate will be paid for at lowest Schedule of rates.

For *Chief Electrical Engineer.*

OFFICE OF THE DEPUTY CHIEF ELECTRICAL ENGINEER, BANGALORE.

Notification No. G. N. 29, dated 28th March 1940.

SUPPLY OF SAND—AUTOMATIC TELEPHONE EXTENSION.

Sealed tenders will be received in the Office of the Chief Electrical Engineer in Mysore, Bangalore, for the supply of sand up to 12 NOON on 11th April 1940 and the tenders should be superscribed "Tenders for Sand for Automatic Telephone Works" to be opened at 12 NOON on 11th April 1940. Each tender must be accompanied by a deposit of Rs. 100 (Rupees one hundred) only in cash or Government Promissory Notes, as earnest money, in default of which tenders will be rejected.

Sand, coarse in texture, clean, sharp and gritty to touch and free from earth and other impurities ... 2,000 Clyds.

The sand has to be supplied over a period of *eight months* at various workspots within Bangalore limits and its extensions within a radius of 5½ miles: The sand will be required to be supplied in lots of 10 carts or more at a time.

The successful tenderer will be required to execute a contract bond within 3 days of receipt of such intimation with the Chief Eletrical Engineer binding himself to execute the contract satisfactorily as will be required by the Sectional Officer concerned.

The final acceptance of any tender will rest with the Chief Electrical Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

Rates once tendered will not be enhanced on any account.

Withdrawal from the tender after it is accepted or failure to make the supply within the stipulated time will entail cancellation of the tender, and his earnest money will be forfeited.

Supply on this tender will be subject to the general conditions of contract prevailing in the department for local purchases.

Notification No. G. N. 30, dated 1st April 1940.

All Electrical Firms.

HAND MICRO TELEPHONE SETS.

GENTLEMEN,

Sealed tenders will be received in the Office of the Chief Electrical Engineer in Mysore, Bangalore, for the supply of Telephone sets up to 12 Noon on 22nd April 1940 and the tenders should be superscribed "Tenders for Hand Micro Telephone Sets to be opened at 12 Noon on 22nd April 1940."

Desk type Hand Micro Telephone Sets in casing of black moulded material with ringing bell incorporated in the casing suitable for centre battery working and provided with a number Dial Switch suitable for automatic telephone traffic and conforming to British Standard Specification 50

These instruments are intended to work on the Bangalore and Mysore Automatic Telephone Exchange equipments supplied by Messrs. Siemens Brothers, London. The Bangalore Automatic Telephone Exchange is equipped with No. 51 Equipment and the Mysore Automatic Telephone Exchange with No. 16 equipment. The instruments shall be specially designed to meet the requirements in tropical countries.

The transmitter shall be of the inset type of the latest design and the receiver shall have a transmission efficiency much superior to the normal commercial bell receiver.

The electrodes shall be wholly immersed in the granules to ensure permanent contact and uniform pressure.

The moving parts shall have the least effective mass and the instruments shall not fry or howl or break circuit. The transmission efficiency and resistance of the set shall remain steady irrespective of the manner in which the instruments are held. The transmission efficiency shall not be less than that specified in the British Post Office Standards.

The instruments shall be so designed that the side tone is fully controlled. Full description of the method adopted to overcome the side tone must be described by the tenderer and all literature relating to this must be furnished along with the tender.

The side tone circuit must be designed to control the side tone with equal efficiency not only on extremely short and medium lengths but also on long distant connections.

The telephone subscribers are connected to the exchanges partly by No. 10 B. & S., Copper overhead wires and partly by underground cable of 10 lbs., section. The Microphones must be designed to work satisfactorily under these conditions.

The side tone shall always be kept within such limits that the speaker does not experience overloading effect in spite of the wide range of line condition which would be met in the actual practice.

If the instruments are fitted with radio interference eliminator, full and detailed description of this equipment must be furnished along with the tender.

The firms shall submit with their quotations descriptive literature and full details of the instruments offered.

The firms should quote their best rates for delivery, f.o.r., Bangalore, and also mention the exact date of delivery.

The Chief Electrical Engineer does not bind himself to accept the lowest or any tender, but reserves to himself the right to select any tender as he may consider it expedient to accept.

Withdrawal from the quotation after it is accepted or failure to make the supply within the stipulated time will entail cancellation of the order and the purchase being made at the firm's expense elsewhere.

Supply on this tender will be subject to the general conditions of contract prevailing in the department for local purchases.

M. HAYATH,
Deputy Chief Electrical Engineer.

M. K. RAJAM IYENGAR,
Executive Engineer.

MANDYA DIVISION.

Notification dated 30th March 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Mandya Division, up to 12 NOON on 22nd April 1940, for restoring Thenginaghatta minor tank, Reg. No. 1137, Krishnarajpet Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Mandya Division, on payment of annas four per form should be addressed to the Executive Engineer, Mandya Division, in a sealed cover and superscribed as "Tender for restoring Thenginaghatta minor tank, Reg No. 1137, Krishnarajpet Taluk." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a Treasury chellan for the deposit of Rs. 200 (in words Rupees two hundred) paid to the Treasury to the credit of "17 (a) Deposits of Executive Engineer, Mandya Division, Mandya." The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 23rd April 1940 at Mandya Division. The final acceptance of the tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the Departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay specifications (1931). The earnest money tendered will be treated as security deposit for the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on production of duplicate Treasury chellans originally granted, by the Treasury Officer for having remitted earnest money.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Mandya, on all working days, between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumsump amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the Schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The work should be completed and handed over in a tidy condition to the Public Works Department by the end of June 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 (five) per day, which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, meaurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the

date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, panels, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations, wherever and whenever necessary with his own pumping apparatus including necessary leading drains, sump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work, and he must take precaution against all risk of accidents and, if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

FOREST DEPARTMENT.

KADUR FOREST DIVISION.

Notification dated the 2nd April 1940.

Notice is hereby given that sealed tenders will be received at the Office of the District Forest Officer, Kadur Division, Chikmagalur, up to 4 P.M., on 22nd April 1940 for the weighment of rough and prepared sandalwood including white chips in Chikmagalur Koti in connection with the annual stock-taking.

N.B.—The work will include the carrying of wood from the existing lots to the scales, weighing the same and restacking it into lots at the places and in the manner to be shown by the Koti Officer.

1. The contract will last up to the 30th June 1939.

2. The quantity of wood to be weighed out and relotted in the Koti will be 1,000 (one thousand) tons, more or less.

3. The tenderer must specify the rates per ton of wood; and the tender must be accompanied by a deposit of Rs. 25 (rupees twenty-five only) in Currency Notes as earnest money, without which the

tender will be rejected. Covers containing the tender should be addressed to the District Forest Officer Kadur Division, Chikmagalur, duly registered, insured and superscribed "Tender for the weighment of rough and prepared sandalwood in Chikmagalur Koti in connection with the annual stock-taking." The tender will be opened by the District Forest Officer at 4 P.M. on 22nd April 1940 in the presence of such of the tenderers as may be present.

4. The final acceptance of any tender will rest with the Conservator of Forests who does not bind himself to accept the lowest or any tender, and to assign any reason whatsoever for rejecting the same.

5. The acceptance of any tender will be duly communicated to the successful tenderer; and the earnest money of other tenderers will be returned to them.

6. The successful tenderer shall, within a week of the receipt of orders, deposit in the Government Savings Bank a sum of Rs. 50 including the initial deposit of Rs. 25 referred to above as security for the due fulfilment of the terms of the contract and execute a bond on a duly stamped paper embodying the terms enumerated hereunder, failing which the initial deposit will be forfeited to Government and other arrangements made for the work.

Conditions.

(*a*) Wood for weighment should be taken lot by lot in the order shown by the Koti Officer. Until each is fully weighed out and restacked, the next lot should not be meddled with or disturbed.

(*b*) Within two days of intimation to be given to him by the Officer in charge of the Koti, the contractor will arrange for sufficient labour to weigh out wood in two scales at the rate of at least 30 tons per day. The wood weighed out on each day should be simultaneously restacked at the place to be shown by the officer in charge of the Koti, the dimensions of each stack being regulated by the instructions of the above Officer. The weighment will be continued from day-to-day until it is put off by the officer in charge of the Koti. The contractor will be bound to resume the work again within two days of intimation to be given to him to do so.

(*c*) The place at which weighment is made must be kept clean by the coolies of the contractor. The coolies will submit to the disciplinary measures that may have to be adopted for the peaceful conduct of weighment and stacking. Any cooly found disobeying the instructions of the Officer in charge of the Koti may be turned out of the Koti by the Koti Forester.

(*d*) For the violation of any of the aforesaid conditions, the whole or any portion of the security deposit will be liable to forfeiture to Government at the discretion of the District Forest Officer. If the contractor fails to start or resume work, as indicated above, and to show satisfactory progress on each day, the District Forest Officer will be at liberty to cancel the contract, forfeit the security and make other arrangements for the work, the contractor being liable to pay to Government any expenditure that may have to be incurred for the work in excess of the rate accepted by him under the contract.

B. T. THIMMARAYAPPA,
District Forest Officer.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. The sale is subject to the confirmation of the Conservator of Forests if the amount exceeds Rs. 1,000.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to re-sell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter, on account of loss from resale, shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Act. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In case of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price, as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 20th June 1940 failing which action will be taken, later on, to resell the materials at the risk of the purchasers. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser, in the manner prescribed, for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, including the 10 per cent deposit paid for the lot at the time of the sale, and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money, over and above the security deposit has been paid.

10. Timber purchased should be removed, as early as possible, and in no case should it be allowed to remain longer than 90 days after 30th June 1940. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

13. Interest will be charged on all belated payments from the date of their falling due up to the date of payment at 6¼ per cent per annum.

OFFICE OF THE CONTROLLER OF STORES, MYSORE SOUTH, MYSORE.

Abstract Notification dated 1st April 1940.

The attention of the public is hereby invited to Notification No. 22, dated 1st April 1940, calling for tenders for the purchase of brass borings "B" grade, published on page 727, Part VI of the *Mysore Gazette*, dated 4th April 1940.

A. VISWANATH,
Controller of Stores.

HASSAN DISTRICT.

Notification No. C. 230—39-40, dated 2nd April 1940.

Tenders are hereby invited for the exclusive privilege of transporting Under-bond Country Spirits in motor lorries from the Railway Station at Hassan to the several Bonded Depots, as noted below, beginning with the 1st of July 1940 and ending with 30th of June 1941.

Alternative tenders are also invited for the same privilege if it is to be extended to three years continuously from 1st July 1940 to end of 30th June 1943.

(1) Hassan (2) Belur (3) Saklespur	Hassan District	(4) Chikmagalur (5) Mudgere	Kadur District

2. The privilege for which tenders are now invited will be conceded subject to the conditions specified in the annexed appendix and the Excise and Motor Vehicles Laws and Rules now in force or which may, from time to time, be passed by Government or issued by the Excise Commissioner by virtue of the powers delegated to him under the Excise Laws and Rules or other competent authority as regards rules relating to Motor Vehicles.

3. The number of casks and the quantity of spirits as also the number of special liquor and ganja cases conveyed to each depot during the years 1937-38, 1938-39 and conveyable during 1939-40 and the distance of each depot from the Railway Station at Hassan are mentioned in the annexed statement. No definite number of casks and cases is, however, guaranteed for transport to the successful tenderer who is bound by actual requirements (be the same more or less than the number carried in any previous year).

Note.—The casks in use range in capacity from 50 to 60 gallons each and the gross weight when filled with spirits of 35° U. P. varies from 7 to 9 maunds. The weight of each special liquor box is about 2¼ maunds. The minimum number of casks to be conveyed each time to a depot is two and the maximum six. The number of trips to each depot will be one or more per month according to the local demand.

4. Tenderers must specify separately the lowest rate of remuneration for each cask of arrack and each case of special liquor and ganja to be carried from Hassan Railway Station to each of the

Bonded Depots which should include bringing back of the empty casks from there to Hassan Railway Station. The rate thus tendered and accepted by the Excise Commissioner in Mysore shall be the rate at which remuneration shall be calculated on the actual number of casks of arrack and cases of special liquors carried in each case and be payable to the successful tenderer who shall be called "Government Contractor for the carriage of arrack to Bonded Depots" during the currency of the contract granted under this Notification.

The contract will include the carriage along with arrack casks and special liquor cases of the requisite supplies of Ganja and Proof spirits bottles occasionally in dealwood cases to the several Depots or Taluk Treasuries, as the case may be, in the places noted in para 1 above from the Hassan Railway Station to the Depots of other Taluks at a uniform rate of one rupee per case irrespective of the distance and weight.

Note.—The gross weight of each case varies from 20 seers to one maund or thereabouts. The number of cases conveyed to each treasury during the two last years is noted in the annexed statement.

5. Each tender must be accompanied by a deposit of Rs. 100 and enclosed in a cover superscribed with the words "Tender for the exclusive privilege of transporting spirits from Hassan Railway Station to the Bonded Depots" and must be sent to the Deputy Commissioner at Hassan, so as to reach him before 2 P.M. on 8th May 1940, after which date no tenders will be received. The tenders will be opened by the Deputy Commissioner or by one of his authorised agents at his office at 3 P.M. on the same day in the presence of such of the applicants as may be present. The final disposal of the tenders will rest subject to the approval of the Excise Commissioner in Mysore, with the Deputy Commissioner, Hassan District, who reserves to himself full powers to reject any or all of the tenders without assigning any reason. The deposits made by the unsuccessful tenderers will be immediately returned to them.

6. The successful tenderer shall, within eight days of the acceptance of his tender being communicated to him, deposit at Hassan District Treasury, a further sum of Rs. 900 in cash or in approved securities duly endorsed in favour of the Comptroller to the Government of Mysore to make up with the deposits previously made, a sum of Rs. 1,000 and shall execute an agreement in the appended form binding himself to conform to the conditions therein set forth and if he fails or refuses to sign the agreement or to make the further deposits required within the time aforesaid, the deposits already made will be forfeited to Government and the contract otherwise disposed of.

APPENDIX I.

Form of the contract bond to be executed by the successful tenderer for the carriage of country spirits.

Whereas I, ... have been granted by the Excise Commissioner in Mysore, for the period beginning with the 1st July 1940 and ending with the 30th June 1941, the right of conveying Under-bond, Country Spirits by motor lorries from the Railway Station at Hassan to the undermentioned depots and whereas the said Excise Commissioner has agreed to pay me the remuneration for each arrack cask and each special liquor case at the rates noted against each of the depots, I the said..... for myself, my heirs, legal representatives and assigns hereby agree and bind myself to all the terms and conditions hereinafter set forth.

1. That I shall bind myself to transport arrack casks, cases of ganja, special liquors and proof spirits in strong and sound motor lorries, in such manner and by such routes as may be permitted by the Deputy Commissioner, Hassan District.

2. That I shall be bound to take immediate delivery of arrack casks and cases of ganja, special liquors and proof spirits, whenever required, from the Amildar of Hassan or from any other officer appointed for the time being, convey the same to the respective depots and treasuries within the prescribed time and that I shall also bind myself to keep such casks and cases, till they are transported, in a building approved by the Department and to allow the officers of the Excise Department appointed for the purpose to inspect them at any time.

2. (*a*) That I shall take proper precautions to see that full casks do not shake during transit and they are covered with tarpaulin while in the open lorry.

(*b*) That I shall be bound to carry, free of cost, any Government officer that may be deputed by the Deputy Commissioner or any other Officer empowered by him in this behalf for the escort of the consignments to the concerned Depots and back.

3. That I shall bind myself for the correct delivery with the Government seals intact of the requisite supplies of arrack casks and other cases to the respective depots and treasuries within the time that may be allowed by the Deputy Commissioner, for transit to each place.

4. That in special cases sanctioned by the Excise Commissioner, I shall be bound to carry the requisite supply of arrack to any altered locality of the existing depots in any of the abovenamed places.

5. That it will be open to the Excise Commissioner to close any depot during the period of the contract as being superfluous or for any other valid reason.

6. That I shall be bound to carry the requisite supplies of proof spirits and ganja to the outlying depots or the Taluk. treasuries, as the case may be, in the places named above at a uniform rate of one rupee per case irrespective of the weight and distance, and at..... annas to the Hassan Depot.

7. That as remuneration for my contract, the Excise Commissioner or other Officer as may be appointed by him, shall pay me fortnightly or monthly an amount calculated at the sanctioned rate as noted above for each arrack cask and each of special liquor case conveyed by me from the Railway Station at Hassan to the respective Depot which includes the bringing back of the empty casks from the Depot to the Railway Station at Hassan.

8. That I shall be bound to bring all the empty casks in sound condition from the several Depots back to Hassan Railway Station and then book them in safe condition to the Officer in charge of the Distillery and Transport Arrangements, Mandya, Railway freight to be payable by that Officer, and that I claim no remuneration separately for the purpose.

9. That I shall conform the Excise and Motor Vehicles Laws and Rules now in force and which may from time to time be issued by Government and the Excise Commissioner also to such rules of practice as may be prescribed by the Excise Commissioner in Mysore or other competent authority as regards Motor Vehicles.

10. That I shall be bound to make good the loss accruing to Government and to the licensees by short stock or no stock of arrack and special liquors in the said depots or of ganja in the said treasuries by my neglect or carelessness in not conveying the necessary supplies of spirits or ganja to the depots or the Taluk Treasuries respectively within the time allowed for transit to me.

11. That as my liability under the contract commences on delivery to me of the spirits casks or cases and ganja cases at the Hassan Railway Station all further liability or responsibility to account for the spirits or ganja as the case may be in those receptacles thenceforth shall rest with me till they are safely delivered at the destination with the seals intact and with no tampering or extraction of the contents and any dimunition from any cause whatever (acts of God, Vismajor and State's enemies excepted) shall be made good by me at the prevailing rate of duty and price per gallon of arrack of 35° U. P. and proportionately for the higher or lower strengths of spirits and per seer of 80 tolas of ganja respectively and that all dues to Government may be recovered from me as if they were arrears of Land Revenue.

12. That in the event of the breakdown of the lorry during transit for any cause whatsoever, I shall be bound to make other arrangements for the quick transit of the casks and cases of spirits and cases of ganja or the return of empty casks to their respective destination and that in the event of my failure to do so, it shall be competent to the Deputy Commissioner to make any arrangements at my cost and that my liability contemplated in condition (11) *supra* shall not cease thereby.

13. That this contract shall not be transferrable except with the consent of the Deputy Commissioner and subject to the approval of the Excise Commissioner.

14. That for the due fulfilment of the terms of the contract, I hereby deposit in the District Treasury at Hassan a sum of Rs. 1,000 in cash or approved Government Securities duly endorsed in favour of the Comptroller to the Government of Mysore.

15. That in case of breach of the Excise Laws and the Rules or any of the aforesaid condition or in case of any attempt at fraud by my servant, agents or employees or by me, it shall be competent to the Deputy Commissioner to impose upon them or for the Excise Commissioner to impose upon myself in the event of my neglect, a fine not exceeding Rs. 50 for every such breach or neglect, or at the option of the Excise Commissioner to declare that money deposited by me forfeited and to cancel the contract. In the event of my contract being cancelled, I shall be bound to make good any loss that might accrue to Government for the remaining period of my contract by any subsequent disposal of the contract or by any other arrangement and shall not be entitled to participate in any profit that might accrue to Government by such disposal. It shall be competent to the Excise Commissioner to deduct from my remuneration bills any amount that may be due to Government on account of dimunition in the contents, as stated in condition 11 *supra*, short stock and no stock in the depots or treasuries and fines imposed on me or my employees.

17. That the imposition of a fine, or the forfeiture of the deposits or the cancelment of the contract shall not be held to prevent prosecution of any of my employees or myself for any offence committed under any law for the time being in force.

In witness thereof, I.....hereunto set my hand and sea this day of 194 .

Seen and signed and delivered in the presence of us.

ENGINEERING DEPARTMENT.

BUILDINGS DIVISION, BANGALORE.

Abstract Notification dated 30th March 1940.

The attention of the public is hereby invited to the detailed notification, calling for tenders for constructing ten married men's quarters in Mysore Transport, Hebbal, Bangalore, published in pages 749-750, Part VI of the *Mysore Gazette*, dated 4th April 1940.

The last date of tender is 22nd April 1940.

M. K. RAJAM IYENGAR,
Executive Engineer.

MANDYA DIVISION.

Notification dated 6th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Mandya Division up to 3 P.M. on 29th April 1940, for the construction of District Lock up at Mandya.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Mandya Division, should be addressed to the Executive Engineer, Mandya Division, in a sealed cover and superscribed as "Tender for the construction of District Lock-up at Mandya." The name of the tenderer should also be superscribed on the top of the cover. Only the tender forms obtainable in the Executive Engineer's office should be used.

3. Each tender must be accompanied by a Treasury chellan for the deposit of Rs. 1,800 only (in words Rupees one thousand and eight hundred) paid to the Treasury to the credit of 17 (a) Deposits in favour of Executive Engineer, Mandya Division. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 30th April 1940 at Mandya Division. The final acceptance of the tender will rest with the Government who do not bind themselves to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the Departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay specifications (1931). The earnest money tendered will be treated as security deposit for the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on production of duplicate Treasury chellans by the Treasury Officer for having remitted earnest money, the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Mandya, on all working days, between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumsump amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the Schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The work should be completed and handed over in a tidy condition to the Public Works Department by the end of April 1941, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 (five) per day, which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, meaurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations, wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work, and he must take precaution against all risk of accidents and, if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

Notification dated 6th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Mandya Division, up to 3 P.M. on 29th April 1940, for restoring Hampapur-Nagankere Tank Reg. No. Nil of Nagamangala Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Mandya Division, should be addressed to the Executive Engineer, Mandya Division, in a sealed cover and be superscribed as "Tender for Restoring Hampapur-Nagankere Tank, Nagamangala Taluk." The name of the tenderer should also be superscribed on the top of the cover. Only the tender forms obtainable in the Executive Engin er's offi e should be used.

3. Each tender must be accompanied by a Treasury chellan for the deposit of Rs. 250 (in words rupees two hundred and fifty only) paid to the Treasury to the credit of 17 (a) Deposits in favour of Executive Engineer, Mandya Division Mandya. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 30th April 1940 at Mandya Division. The final acceptance of the tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931). The earnest money tendered will be treated as security deposit for the due fulfilment of contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on production of duplicate treasury chellans originally granted by the Treasury Officer for having remitted earnest money.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Mandya, on all working days between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department Schedule of Rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of September 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should

bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

B. S. NARASINGA RAO,
Executive Engineer.

KADUR DIVISION.

Notification dated 4th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Kadur Division, Chikmagalur, up to 3 P.M. on 25th April 1940, for the work of constructing a new pair of masonry settling tanks for Chikmagalur Town water-supply at Chikmagalur.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Kadur Division, on payment of annas four per each copy should be addressed to the Executive Engineer, Kadur Division, Chikmagalur, in a sealed cover and superscribed as "Tender for the work of constructing a new pair of masonry settling tanks for Chikmagalur Town water-supply at Chikmagalur." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury chellan for Rs. 715 (rupees seven hundred and fifteen only) for having credited this earnest money to "17 (a) P. W. Deposits" in any Government Treasury. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit will not carry any interest. Tenders unaccompanied by earnest money will not be accepted.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 25th April 1940 at Chikmagalur. The final acceptance of the tender will rest with the Superintending Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract.

6. Failure to comply with the condition 5 above, or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Chikmagalur, on all working days between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same. For items when lumpsum is shown in the abstract, the tenderer should enter rate against lumpsum amount.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page, noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of June 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 100 per fortnight, which will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties imposed, measurements, quality of work, etc., the decision of the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. Chamundi brand cement must be used for the work.

23. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills, and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.

(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.

(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.

(8) Provide arrangements for pumping and baling of water from excavations and foundations, wherever and whenever necessary with his own pumping apparatus, including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary, provide for the same by insurance at the proper time.

(b) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

Notice is hereby given that sealed tenders will be received at the Office of the Agricultural Engineer, up to 2 P.M. on the 25th April 1940, for constructing three temporary cooly sheds on the Cattle Breeding Station, Hunsur.

2. An approximate estimate of quantities for the above work is given below. The quantities are not guaranteed. The work should be completed within one month from the date of acceptance of the tender.

3. Earnest money of Rs. 60 in cash should be remitted under Revenue Deposits, at the State Huzur Treasury, Bangalore, or Hunsur Taluk Treasury, with a chellan duly filled in by the tenderer.

The tender should be superscribed "Tender for constructing three temporary cooly sheds on the Cattle Breeding Station, Hunsur." The tenders will be opened at 2-30 P.M. on 25th April 1940.

4. Subject to the formal sanction of the Director of Agriculture, the acceptance of tender rests with the Agricultural Engineer, who does not bind himself to accept the lowest or any tender or assign any reason whatsoever for the rejection of any tender.

5. Within a week of the acceptance of the tender, the successful tenderer will be required to furnish a cash security of 5 per cent of the value of the work and to execute the usual contract bond, in default of which his tender will be considered as cancelled and the security deposit forfeited.

6. The name of the successful competitor whose tender has been accepted will be notified in due course.

7. After the acceptance of the successful tender, the earnest money deposited on the refused tenders will be arranged to be returned to the parties.

8. Rates once tendered, will on no account, be enhanced.

9. Quotations must be written in words as well as in figures.

10. The measurements checked by the Agricultural Engineer, will have to be accepted as final.

M. K. RAJAM IYENGAR,
Executive Engineer.

BANGALORE DIVISION.

Abstract Notification dated 30th March 1940.

The attention of the public is hereby invited to the detailed notification inviting sealed tenders for restoring Balgere Tank Register No. 101 of Nelamangala Taluk, published in pages 708-711 of Part VI of the *Mysore Gazette*, dated 4th April 1940.

The last date for the receipt of the tender is 2 P.M., on 19th April 1940. Duplicate challan for having credited the deposit amount of Rs. 200 into the Treasury under 17 (*a*) P. W. Deposits should accompany each tender.

Notification dated 11th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 2 P.M. on 26th April 1940, for repairing the revetment and sluice of Thattamachanahalli Tank, Reg. No. 26 of Devanhalli Taluk.

2. Tenders in the prescribed form obtainable on a payment of Re. 0-4-0 per form from the Office of the Executive Engineer, Bangalore Division, should be addressed to the Executive Engineer, Bangalore Division, in a sealed cover and superscribed as "Tender for repairing the revetment and sluice of Thattamachanahalli Tank, Reg. No. 26 of Devanhalli Taluk." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a duplicate challan for having credited into the Treasury the deposit amount of Rs. 180 under "17(*a*) P. W. Deposits" or Mysore Government Bonds, duly endorsed at face value or market value, whichever is less, as earnest money. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 26th April 1940 at 3 P.M. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Bangalore, on all working days between 11 A.M. and 5 P.M. and may be obtained from that officer on payment of Rs. 3 for each.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of November 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Re. 1-4-0 per day, which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return theretoi the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

N. LAKSHMINARASIMHAIYA,
Executive Engineer.

WATER SUPPLY DIVISION, BANGALORE.

Notification dated 12th April 1940.

Sealed tenders are hereby invited for the purchase from the Department of 13 automatic M.S. Sluice Gates available at Sri Chamarajsagar and Water Works, Thippagondanahalli, Bangalore District, Mysore State, as per specification noted below subject to the following conditions. The gates may be inspected at site on any working day.

(1) Offiers should be made for the whole lot of 13 gates.

(2) The acceptance of the tender rests with Government, who reserves the right to accept any or no tender without assigning any reason whatever.

(3) An earnest money of Rs. 200 should be paid in cash with each tender which in the case of all unsuccessful tenderers will be refunded on application with the receipt granted.

(4) The accepted tenderer should deposit the full amount within a week after acceptance, failing which the depoist will be forfeited to Government.

(5) The accepted tenderer should arrange to remove the materials within a period of one month from the date of intimation of acceptance, failing which, ground rent as may be fixed by the Executive Engineer, Water Supply Division will be charged, and the department will not be responsible for the safety of the materials after auction.

(6) The name of the successful tenderer will be put on the notice board.

(7) Tenders will be received till 3 P.M. on Monday, the 13th May 1940 and should be superscribed as "Tender for purchase of Sluice Gates of Thippagondanahalli."

Specification.

Name of Makers.—Messrs. Ransome & Rapier, Ltd., London.
Number of gates.—Thirteen.
Clear span of each gate.—20′-0″.
Effective depth of each gate.—4′-0″.

The gates are capable of withstanding an upstream head of 4′-0″ above weir level, and are capable of automatic operation when the upstream head of water rises above 4 feet, the operation being such that the gates will be in the fully lowered position when the head upstream is increased by about 6″.

The stress in the gate does not exceed 7½ tons per square inch when subjected to the highest expected flood of 6′-0″.

Gate.—The gate is built up of mild steel plates and section and consists of a mild steel skin plate suitably stiffened and supported by means of lattice member placed near the top of the gate, and by knife edge pivots at the sill.

Gate Pivots.—The gate pivots are of the knife edge type and fitted in cast iron holders. The knife edges are made of toolsteel and machined to the correct shape and firmly fixed in their respective holders. The bearings which resist the thrust from the knife edges pivots are of cast steel and arranged for fixing to the cast iron.

Outline Specification of the Automatic Gates.

Staunching.—The staunching at the sill is effected by means of a leather strip, the edge of the skin-plate being curved to a radius of about 4½″ so as to be in contact with this leather strip. Suitable staunching members of mild steel are provided at the sides of the gate.

Sill.—A cast iron sill is provided, suitably ribbed and arranged for fixing to the weir. The sill is arranged to carry the pivot brackets and the leather strip for staunching. Mild steel staunching faces are provided at each side of the gate and arranged for bolting to the masonry piers.

Operating Rods, etc.—The gates are capable of being suspended at each end by means of mild steel bars attached to the levers fixed to the rolling pivot. The levers consist of mild steel sections and are securely bolted to cast iron rollers. The counterbalance is suspended at each side from the opposite ends of the levers to those from which the gate is suspended.

Rolling Pivot.—The pivot consists of two cast iron quadrants rolling upon fixed pathways securely bolted to the piers. The quadrants are provided with suitable teeth arranged to engage with a cast iron rack on the fixed pathway.

General.—The whole of the materials is of the best quality and to British Standard specifications. The workmanship throughout is of the best character.

The sections provided for the various parts are such as to provide ample factors of safety.

All the wearing surface are of suitable dimensions for the loads to be dealt with.

Abstract Notification.

The attention of the public is drawn to the notification calling for tenders for extension of McGann Hospital at Shimoga published in pages 768-770 Part VI in the *Mysore Gazette*, dated 11th April 1940.

Tenders will be received by the Executive Engineer, Shimoga Division up to 3 P.M. on 27th of April 1940.

Earnest money required for the work is Rs. 1,720 which should be credited to the Treasury to 17 (*a*) P. W. Deposits and challan enclosed.

Notification dated 9th April 1940.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer Shimoga Division, up to 3 P.M., on 4th May 1940, for restoring Horabyle tank (minor) near Konandur Agrahar Hobli, Tirthahalli Taluk. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of September 1940.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Shimoga Division, between the hours of 11 A.M. and 5 P.M.

3. Tender should be submitted on printed forms which may be obtained from the Executive Engineer on payment of annas four per form. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a treasury chellan for Rupees One hundred only credited to the Treasury to "17 (*a*) P. W. deposits" as earnest money and be superscribed "Tender for Restoring Horabyle minor tank near Konandur, Agrahar Hobli, Tirthahalli Taluk," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the Notice Board in the Executive Engineer's Office in due course. No enquiry regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

9. Rates once tendered will not be enhanced on any account.

10. Rates for non-tendered and non-estimated items shall be as per schedule rates of the Department or those fixed by the Executive Engineer after working out data with not more than 10 per cent for contractor's profit.

11. In all matters not specifically provided for and in all matters of dispute about rates, quantities, measurements, quality of works, etc., and in all disputes of any kind, the decision of the Executive Engineer will be final and legally binding.

12. Quotations must be given in words as well as in figures and they must be in specific term of unit shown against each item of work. Any quotation quoted at so much percentage less or more than estimated rate will not be accepted.

13. Chamundy brand cement should be used for the work.

14. A reserve of 5 per cent on the value of work done will be withheld from the bills towards the security deposit.

D. A. HUKERI,
Executive Engineer.

KADUR DIVISION.

Abstract Notification dated 4th April 1940.

The attention of the public is invited to the Notification published on pages 831-834 of Part VI of the *Mysore Gazette* dated 11th April 1940 calling for tenders for the work of constructing "a new pair of masonry settling tanks for Chikmagalur Town Water-supply" at Chikmagalur. The last date of the receipt of tender in this office is 25th April 1940.

C. NARAYANASWAMI SETTI,
For *Executive Engineer*.

ANJANAPUR DIVISION.

Notification dated 11th April 1940.

1. Sealed tenders will be received at the office of the Executive Engineer, Anjanapur Division, up to 3 P.M. on 10th May 1940, for Restoring Muthige Jagalikatte, Major Tank Register No. 834, Shikarpur Taluk.

2. Tenders in the prescribed form obtainable on payment of Re. 0-4-0 per form from the office of the Executive Engineer, Anjanapur Division, should be addressed to the Executive Engineer, Anjanapur Division in a sealed cover and be superscribed as "Tender for Restoring Muthige Jagalikatte, Major Tank Register No. 834, Shikarpur Taluk". The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a duplicate challan for having credited into the Treasury the deposit amount of Rs. 680 under "17 (*a*) P.W. Deposits" or Mysore Government Bonds duly endorsed at face value or market value whichever is less as earnest money. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 10th May 1940 at 3 P.M. The final acceptance of the tender will rest with the Executive Engineer who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications (1931).

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force, will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Anjanapur on all working days between 8 A.M. and 5 P.M. and may be obtained from that officer on payment of Rs. 3 for each.

9. Specific rates should be given for each item in the schedule accompanying the tender, and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections, made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department Schedule of Rates.

14. In the event of the tender being submitted by a firm it must be signed separately and severally by each member thereof or in the event of absence of any partner it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent an may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of December 1940; failing which the Executive Engineer may at his discretion levy a penalty of Rs. 1-4-0 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc.; the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers, will, however be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgements of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns water pumps and hoses, sleves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baing of water from excavations and foundation wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the Public Works Department so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

OFFICE OF THE EXCISE COMMISSIONER IN MYSORE, BANGALORE.

Notification No. A 1. 1534-39, *dated 9th April* 1940.

Tenders are hereby invited for the exclusive privilege of selling foreign liquors in the undermentioned shops of Bangalore and Mysore Cities and Kolar Gold Fields for one year from 1st July 1940 to 30th June 1941, subject to the general conditions applicable to all Excise and Opium licenses as set forth in the rules regulating the sales of Excise and Opium privileges issued under Government Notification No. Fl. 5992—Ex. 107-38-4, dated 10th March 1939, as amended from time to time and subject also to the conditions that may be prescribed by Government or by the Excise Commissioner, from time to time.

(1) Bangalore City	1 "Retail-off" license.
(2) Mysore City	1 do do
(3) Kolar Gold Fields	3 do do

2. Tenderers must specify the highest rate of annual license fees at which they are prepared to take up the shop, but the amount tendered should, under no circumstances, fall short of Rs. 2,500 per annum in the case of shop in Bangalore City, and Rs. 2,000 in the case of shop in the Mysore City, and Rs. 800 in the case of each of the two shops in the Champion-Reefs (Kolar Gold Fields), and Rs. 250 in the case of the shop at Andersonpet, Kolar Gold Fields.

3. The successful tenderer should also pay the surcharge fee at the rate of Rs. 30 on every 125 gallons or fraction thereof sold during any quarter in excess of 250 gallons. Such fee shall be payable at the close of every quarter.

4. In addition to the license fees referred to in para 2 *supra*, the successful tenderer should pay in the cities of Mysore and Bangalore a registration fee of Rs. 180 in advance at the beginning of the lease.

5. Each tender must be accompanied by a deposit of Rs. 100 and sent enclosed in a sealed cover, superscribed with the words "Tenders for the exclusive privilege of selling foreign liquors in Bangalore City, Mysore City or Kolar Gold Fields," and sent to the Deputy Commissioners of the respective districts, so as to reach them before noon on the dates noted below, after which time no tenders will be accepted.

PRESS NOTE.

Defects in Power and Lighting Installations.

Several instances have come to the notice of the Electrical Department that defects in consumers' installations, have caused higher than normal consumptions and the consumers are applying for remissions of the charges for these excess consumptions caused by earthing or other defects. The attention of the public using electric power is invited to the Press Note No. 1425-1484—P.O., dated 12th February 1937, which is reproduced here, in which the Publicity Officer published in the *Mysore Gazette*, that consumers should have their installations tested annually by competent Electric Contractors and have the defects rectified at once. It is emphasised that consumers will be responsible for injury to human life, damage to property and for excess consumption caused by defects in their installation which could have been located and remedied by Licensed Electrical Contractors if the installations are inspected and tested annually.

Rule 99.—The value of systematically inspecting and testing fuses, apparatus and circuits cannot be too strongly urged. Records should be kept of all tests so that any gradual deterioration of the system may be detected. Cleanliness of all parts and fittings is essential.

"Defects in consumers' installations generally cause excessive consumptions and frequently cause interruptions not only to the consumer whose installation is defective but to many other consumers supplied from the same circuits and feeders and sometimes cause serious accidents to human beings and occasionally start fires in the buildings.

"The excessive consumptions caused by these defective installations are due to no fault of the Electrical Department and therefore no rebates will be allowed on this account in the future, that is, the consumers will have to pay for the energy consumed as recorded by the meters when the meters are found to be correct.

"Consumers should arrange to have their installations tested annually by competent Licensed Electrical Contractors and all defects rectified at once, otherwise the service thereto will be disconnected. Electric Lighting and Power Installations should be taken care of by their owners to the same extent as their other property is cared for and to make expert assistance readily available, Government instituted many years ago the system of Licensing Electrical Contractors who have organized themselves into an institution known as "The Licensed Electrical Contractors' Association.' The members of this Association are fully qualified to test Lighting and Power Installations and to repair any defects.

"Consumbers are requested to obtain a certificate from the Licensed Electrical Contractor whom they may engage for testing and putting in good order their installations. The Licensed Electrical Contractors' Association is notified that their members, after testing an installations, should give the owner a written certificate and that they should record on the consumer's meter card, that the installation is in safe condition. The certificate will be a prime requisite when considering whether or not a rebate will be allowed in cases of excessive consumptions caused by defects in installations.

"It is emphasised that consumers will be responsible for injury to human life, damage to property and for excess consumption caused by defects in their installation which could have been located and remedied by Licensed Electrical Contractors and Electrical Inspectors."

GENTLEMEN,

I write to request you to quote your best prices and earliest time of delivery for the materials described below conforming to the specifications given in the following paragraphs.

Item (1) 1,000—Single Pole porcelain fuse plug cut-outs 30 amps. for 230-volts service.
Item (2) 4,000—Double pole do do do do
Item (3) 10,000—Fuse plug casings porcelain, Edison Screw, 30 amps., for 230-volts service, suitable for use with the cut-outs of items 1 and 2 above.

The fuse cut-outs and casings required on this enquiry are for providing protection at the tapping points of the consumers' lines and will be fixed inside C. I. Boxes mounted on poles. They shall be made of porcelain and heavily glazed to prevent absorption of moisture with fittings of spring brass which shall be rigidly and securely cemented in the porcelain. They shall be mechanically strong and durable and shall not be easily damaged by normal frequent handling.

The casings shall be suitable for holding a cartridge type fuse holder and shall be provided with a ventilating hole at the top. They shall be suitable for being screwed-in to the cut-outs, both of them being provided with Edison type screws for the purpose.

The cut-outs shall be suitable for being screwed on to wooden planks and the holes provided for the purpose shall be countersunk and permit the use of Nettlefold wood screws 1″ long. Links with extra long binding screws shall be provided for connecting the wires to the cut-outs and the screws shall have large heads and shall be provided with washers. Sufficiently high barriers shall be provided to prevent accidental contacts of fuses, wires, etc., of opposite polarity.

The cut-outs and casings shall be generally as per sketch which will be sent on application and conform to certain dimensions such as the internal diameter of the casing, outside diameter of the screw threads on the casing, etc., as specified. The casings shall hold in position fuse holders 2″ long and 9/16″ diameter with proper contacts at both ends. The metal parts shall be such as to provide for the maximum current carrying capacity without heating.

The quotations should be accompanied with illustrative and descriptive details of the constructional features of the cut-outs and casings offered without which no quotation will be considered.

6.	Sagar Division	.. Nux-vomica, gallnut, wax.
7.	Kolar District	.. Tamarind, Seethapal and Marady seeds in the State Forests. Tamarind in the plantations of Kolar District with the exception of two plantations reserved for Departmental Working will be sold as a separate item during October or November 1941 when Amarayi Sales are usually held by the Revenue Department.
8.	Mysore District	.. Cashewnut and Mango crop of Talakad.

2. The auction will commence at 2 P.M., and if it is not concluded on the same day, it will be continued on the next following day at the same hour.

3. Defaulters on account of previous leases will not be permitted to bid.

4. No person will be allowed to bid unless he (i) produces a certificate from the Amildar of the taluk in which he resides in regard to his solvency and its extent or an exchange certificate as provided in clause 5, and (ii) deposits also with the officer holding the sale a sum of Rs. 200 which must be in the form of Cash or Currency Notes.

Note.—In the case of Taluk where the Minor Forest Produce Revenue may not fetch more than Rs. 200, a sum of Rs. 50 only should be deposited with the sale conducting officer.

5. "Bidders who are not residents of Mysore State and who do not possess unencumbered property in Mysore State at least to the extent of the estimated value of the lease unit for which they intend bidding, should, before they are allowed to bid; either deposit with the officer conducting the sale half the estimated amount of the lease, to the nearest hundred rupees, as earnest money or they should produce a local surety fully solvent to the extent of the highest bid likely to be had at the conclusion of the sale. The bond to be taken from the surety should be on a stamp paper, the stamp payable being governed by the provisions of the Stamp Act. In cases where the foreign bidders deposit half the estimated amount of the lease, the usual deposit of Rs. 200 is unnecessary, and in cases where they produce a local surety the usual deposit of Rs. 200 should also be recovered from them. In the former case the remaining amount of the lease must be paid, before the expiry of half the period covered by the lease, in two equal quarterly instalments, when the lease is for one year, and in two equal half yearly instalments, when the lease is for two years."

6. The highest bidder shall deliver his solvency certificate to the officer conducting the sale and get in exchange, if he so desires, a certificate signed by the latter which will be a sufficient authority for him to bid at auction sale in any one of the remaining divisions. This exchange certificate shall be delivered to the officer conducting the sale in case the party named therein happens to be the highest bidder obtaining in lieu thereof, if he wishes a fresh exchange certificate for his use. The exchange certificate will contain all the particulars found in the Amildar's certificate with the details of purchase made in the sales of other divisions as well as in the one, in which the exchange certificate is sought for. The deposits of unsuccessful bidders will be returned immediately after the sale.

7. The exclusive right of collecting and removing the produce above described will be disposed of to the highest bidder, subject to the confirmation of the Chief Conservator of Forests or the Conservator of Forests, Shimoga, who, at his discretion, may accept or reject the highest or any other bid, without assigning any reason therefor.

8. The successful bidders shall immediately after the close of the sale, credit into the Government Treasury, one-quarter of the total sale amount including the deposit already made together with the local, railway and other cesses, on the entire lease amount at the rates prevailing in the District. In default, the deposit will be forfeited and the right resold. Such resales will be at the risk of the defaulting purchaser who will be liable to make good any loss that may result to Government but will have no claim to any surplus accruing therefrom. Such losses will be recoverable as an arrear of land revenue.

9. If the sale is not confirmed by the authority concerned, all moneys paid will be refunded to the party.

10. Within fifteen days of the intimation of the confirmation of the sale, the successful bidder shall execute an agreement with one or more sureties to the satisfaction of the District Forest Officer on a stamped paper of proper value procured at his own cost, and also furnish security deposit of Rs. 500 or one-quarter of the sale amount, whichever is less, for the due fulfilment of the conditions of the contract in the shape of Government Savings Bank Deposit.

In default either to execute the agreement with the necessary sureties or to furnish the required security or both, the contract will be cancelled and the right resold, the defaulter being liable for any deficit in three-fourths of the original sale amount. He shall have no claim to any surplus accruing from such resale, but shall be liable for the loss arisng therefrom which will be recovered as an arrear of land revenue under Section 79 of the Mysore Forest Act or any other law in force for the time being.

Note.—(i) The solvency and the respectability of the sureties should be proved to the satisfaction of the District Forest Officer and the sureties shall be held responsible for all payments to be made under the lease and for the due fulfilment of all the conditions of the contract.

(ii) A sample form of the agreement may be seen at any of the District Forest Offices.

11. The balance of three-fourths of sale amount will be paid in three equal instalments as follows:—

First khist	on or before	1st February 1941.
Second	do	1st May 1941.
Third	do	1st February 1942.

In default to pay the instalments on due dates, the contract will be cancelled and the right resold, the defaulter being liable for any deficit in the amount due to Government less the amount already paid. He shall have no claim on the surplus accruing from such resale, but shall be liable to the loss arising therefrom, which shall be recovered as an arrear of land revenue, under Section 79 of the Mysore Forest Act, or any other law in force for the time being.

Further conditions to be entered in the agreement are:—

(*a*) The lessee, his maistries or servants shall not cut or injure any tree in any way on the plea of collecting the produce.

(*b*) The lessee shall furnish a list of sub-contractors, agents or maistries and servants who may be appointed by him for the collection of the produce.

(*c*) The lessee shall work out the lease himself and not transfer or sublet it to others without the previous sanction of the Chief Conservator of Forests. If any sub-lessees are approved, such sub-lessees shall not further sublet it without previous sanction.

(*d*) The coolies employed by the lessee or sub-lessee must take permits from the Range Officers when they enter State Forests.

(*e*) The lessee or sub-lessee shall keep accounts showing the quantity of the produce collected and removed in accordance with the lease and permit the inspection of such accounts by any Forst Officer of and above the rank of a Ranger having jurisdiction within the area referring to the leases, and the Officers of the Revenue and the Police Department of and above the rank of an Amildar or Police Inspector, respectively.

(*f*) The lessee or sub-lessee shall render every month to the District Forest Officer, an account of the number of cart-loads of the produce collected and carted during the month.

(*g*) The lessee or sub-lessee shall provide printed licenses and passes in triplicate for the collection and for the export of the produce under his signature. In the latter case, each cart load must be covered by a pass. These licenses and passes which will be in books shall be obtained from the Range Forest Officer and will have a seal of the District Forest Officer, impressed. The duplicate copies will be submitted to the Range Forest Officer, on the day on which the license or pass is issued. When the books are completed, the counterfoils should be returned to the District Forest Officer through the Range Forest Officer and fresh supply obtained.

Note.—(1) Forest Forms 84 and 85 shall be used.

(*h*) The lessee or sub-lessee, his agents or maistries and servants shall be held responsible for any fires caused by negligence either by themselves or by their workmen and shall prevent the occurrence of fires in the forests in which they may be working and render prompt assistance in extinguishing such fires as may break out accidentally. They will be liable also under the Forest Act, irrespective of any action that may be taken under the contract.

(*i*) The lessee or sub-lessee shall remove out of the limits of the taluk before the 30th June 1942, all the produce collected and stored under the terms of the lease.

(*j*) Neither the lessee nor sub-lessee, nor his employees, shall enter the State Forests either before sunrise or after sunset.

(*k*) No collection of the Minor Forest Produce will be permitted in the State Forests during the fire season, *i.e.*, from the 15th February to end of April of each year.

(*l*) The lessee or sub-lessee shall not interfere with the recognised rights of Inamdars.

(*m*) The lessee or sub-lessee has no right to the produce or trees on occupied lands and the village Amarai as detailed in para 1 above.

(*n*) No damage will be caused to the trees while collecting the Minor Forest Produce, any such damage will be assessed by the Range Forest Officer, which will be approved by the District Forest Officer. The District Forest Officer's decision in the assessment of the damages will be final. The assessed damages will be recovered from the security deposit of the lessee.

(*o*) The lessee or sub-lessee shall hold responsible himself for the acts of his agents or servants in the business of collection and transport.

(*p*) Interest will be charged at 6¼ per cent per annum on all belated payments.

12. In the event of breach of any of these conditions, the lease will be cancelled or the security amount forfeited in whole or in part or both these penalties will be enforced at the discretion of the District Forest Officer, the Conservator of Forests, Shimoga, or the Chief Conservator of Forests, as the case may be. In the case of mere forfeiture of the deposit amount, in part or in full, the difference will be made good immediately by the contractor, and if not the lease will be cancelled and resold at the risk of the original purchaser, who will be liable for any loss which will become recoverable as an arrear of land revenue but not participate in any profits.

C. A. JABBAR,
Chief Conservator of Forests.

ENGINEERING DEPARTMENT.

MYSORE DIVISION.

Notification dated 13th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Mysore Division, up to 12 NOON on 22nd April 1940, for constructing a block of Linemen's Quarters at the tapping structure near Hootagahalli Village, Mysore Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Mysore Division, should be addressed to the Executive Engineer, Mysore Division, in a sealed cover and superscribed as "Tender for constructing a block of linemen's quarters at the tapping structure near Hootagahalli Village, Mysore Taluk." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a deposit of Rs. 200 (in words rupees two hundred only in cash or Government Promissory Notes or Mysore Government Bonds, duly endorsed at face value or market value whichever is less, as earnest money. The earnest money of the successful tenderer will be retained as security deposit for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers as wish to be present on 22nd April 1940 at Mysore. The final acceptance of the tender will rest with the Executive Engineer who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the Departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay specifications (1931).

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Mysore, on all working days, between 11 A.M. and 5 P.M. and may be obtained from that officer on payment of Rs. 3.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumsump amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the Schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of June 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. ..... per day, which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, meaurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.

(2) Provide all necessary scaffolding, centering labour and appliances for hoisting.

(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.

(4) Arrange for protecting work during inclement weather.

(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.

(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.

(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.

(8) Provide arrangements for pumping and baling of water from excavations and foundations, wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work, and he must take precaution against all risk of accidents and, if necessary, provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

23. The Mysore cement must be used in the construction.

Tender Notice No, 384, *dated* 12*th April* 1940.

Notice is hereby given that sealed tenders will be received by the President, Government A.-D. Hostel, Kolar, for the supply of provisions, etc., required for the Hostel from 16th May 1940 to 16th May 1941 or the date of closing the High Schools for Summer Vacation during the office hours on the 3rd May 1940.

2. No tender will be received after 5 P.M. on 3rd May 1940.

3. Tenders are to be superscribed "Tender for the Supply of provisions to the A.-D. Hostel, Kolar."

4. Tenders should be accompanied by an earnest money of Rs. 100 in the form of currency notes.

5. The name of the successful tenderer will be notified.

6. The President reserves the right of rejecting any tender without assigning any reason for such rejection.

7. The deposit of the successful tenderer will be forfeited if he fails to execute the necessary agreement within 7 days from the date of acceptance of the tender.

8. No advance of cash will be made to the contractor; but payments will be made after getting bills pre-audited.

9. The contract should not be sublet.

10. The contractor should keep all the non-perishable articles in the store room of the hostel which will be placed at his disposal. At least two weeks' supply should always be in stock in the store room.

11. The store room should be kept neat and tidy and must be opened for inspection of the officers connected with the Hostel.

12. A fine not exceeding Rs. 5 will be levied at the discretion of the President for every infringement of the stipulation of the contract. If the stipulation of the contract be frequently violated, the President will annul the contract and the earnest money deposited will be forfeited to Government.

13. The decision of the President will be final in all matters of infringement of the contract.

14. The sale of articles in the contractor's store room to outsiders is strictly prohibited.

15. The contractor should be prepared to supply any other commodity, whenever required, in addition to those mentioned in the schedule at the prevailing market rates.

16. The quantities stated in the schedule are only approximate and the contractor should be prepared to supply more or less according to requirements.

17. If the contractor after undertaking the contract is not willing to carry out the agreement, he shall give a month's notice and shall forfeit the earnest money to Government.

18. The supply of all the articles shall be delivered free at the Hostel premises. The contractor should provide himself with accurate balances and standard weights to weigh firewood, etc.

19. Samples of non-perishable articles sealed in glass bottles should be sent to the President by the 3rd May 1940.

Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government, and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Act. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value, where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of notice of confirmation of the sale. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

No extension of time will be given for the payment of any amount, but if any amount is permitted to be paid after the due date, interest will be charged thereon at 6¼ per cent per annum.

8. If the amount is not fully paid for by the purchaser before the date fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale, and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. The timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

***N.B.*—Quantities noted are only approximate.**

Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber not exceeding Rs. 200 in value, this deposit will not be insisted upon, provided that the full purchase money is paid in cash on the spot.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. The sale is subject to the confirmation of the Conservator of Forests if the amount exceeds Rs. 1,000 and to that of the District Forest Officer in other cases.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on

account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Act. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of the successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of notice of confirmation of the sale, whichever is later. The moneys shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, including the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after the date of sale. Timber not removed after purchase will remain in the depot at the risk of purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

13. Interest will be charged on all belated payments at 6¼ per cent per annum from the date of their falling due up to the date of payment.

N. VENKATARAMAIYA,
District Forest Officer.

BHADRAVATI DIVISION.

Notification dated 15th April 1940.

The undermentioned quantities of timber will be sold by public auction under the following conditions at the following places by the District Forest Officer or any other officer deputed by him for the purpose on the dates noted against each :—

The sale will be held from 2 P.M.

Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale, but defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber not exceeding Rs. 200 in value, full value thereof will be accepted if tendered on the spot and the payment of deposit in such cases will not be insisted upon.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 1,000 in each case is subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer subject to the following conditions :—

(1) That the rate realised in a sale does not fall short of the average of the three previous sales by more than five per cent or is more than that realised at the previous sales.

(2) That the power of confirming sales up to the limit of Rs. 1,000 should be exercised only in the case of timber.

(3) That the confirmation of sales is ordered by District Forest Officers only after payment of the full purchase money.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price, as may appearto him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him which will be recovered as arrears of Land Revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of notice of confirmation of the sale, whichever is later. In the case of purchases of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 15th June 1940. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

Ordinarily, no extension of time will be given for the payment of any amount, but if any amount is permitted to be paid after the due date, interest will be charged thereon at the rate in force.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase will remain in the depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale; for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

The last date for the receipt of the tender is 2 P.M. on 4th May 1940. Duplicate challan for having credited the deposit amount of Rs. 170 into the Treasury under "17 (*a*) P. W. Deposits" should accompany each tender.

N. LAKSHMINARASIMHAIYA,
Executive Engineer.

KOLAR DIVISION.

Notification dated 17th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Kolar Division up to 2 P.M. on 11th may 1940, for restoring Bussanahalli Hongekere Tank (unrestored minor) Reg. No. 318/692 of Kolar Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Kolar Division, should be addressed to the Executive Engineer, Kolar Division, in a sealed cover and superscribed as "Tender for restoring Bussanahalli Hongekere tank." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury challan for earnest money of Rs. 180 paid to the treasury to the credit of "17(*a*) P. W. Deposits," against the account of the Executive Engineer, Kolar Division. The earnest money of the successful tenderer will be retained as security for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 11th May 1940 at Kolar. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications. A reserve of 5 per cent will be withheld in the work bills of the contractor and the same repaid after the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings may be seen at any time at the Executive Engineer's Office, Kolar, on all working days between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same. When lumpsum provisions are shown in the schedule of quantities the contractor will be paid at either his tendered rate for each item or the prevailing schedule of rates in the Division at the discretion of the Executive Engineer.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative and may be due to any reasons whatsoever. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of March 1941, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21 All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.

(4) Arrange for protecting work during inclement weather.

(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.

(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.

(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.

(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D. so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

N.B.—Copies of tender in the prescribed form are obtainable from the Office of the Executive Engineer, Kolar Division, Kolar, only on a payment of four annas per form.

Notification dated 18th April 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Kolar Division, up to 2 P.M. on 11th May 1940, for restoring Thummalapalli Gyadari Kunte (unrestored minor) Reg. No. 337 of Srinivaspur Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Kolar Division, should be addressed to the Executive Engineer, Kolar Division, in a sealed cover and superscribed as "Tender for Restoring Thummalapalli Gyadari Kunte." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury chellan for earnest money of Rs. 150, paid to the treasury to the credit of "17 (*a*) P. W. Deposits," against the account of the Executive Engineer, Kolar Division, Kolar. The earnest money of the successful tenderer will be retained as security for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 11th May 1940 at Kolar. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental schedule contract form, for the due fulfilment of the contract and for the execution of all items of work in accordance with the Bombay Specifications. A reserve of 5 per cent will be withheld in the work bills of the contractor and the same repaid after the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings, may be seen at any time at the Executive Engineer's Office, Kolar, on all working days between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same. When lumpsum provisions are shown in the schedule of quantities, the contractor will be paid at either his tendered rate for each item or the prevailing schedule of rates in the division at the discretion of the Executive Engineer.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer, on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative and may be due to any reasons whatsoever. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of December 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however, be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.
(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.
(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

N.B.—Copies of tender in the prescribed form are obtainable from the Office of the Executive Engineer, Kolar Division, Kolar, only on a payment of four annas per form.

OFFICE OF THE DIRECTOR OF AGRICULTURE IN MYSORE, BANGALORE.

Notification dated 18th April 1940.

Sealed tenders will be received in the Office of the Director of Agriculture, up to 2 P.M. on the 1st May 1940, for the purchase of Plantains (Salem Poovan variety) and Pine apples (Kew and Queen varieties) grown on the Irwin Canal Farm, Mandya, 7 miles from Mandya. About 7,000 plantain bunches will be available for a period of 1½ to 2 months at the rate of 40 to 50 bunches a day. Pineapples (about 20,000) will be ready for harvest in about a month.

2. Tenders should be sent in sealed covers and superscribed "Tenders for the purchase of Plantains" or "Tenders for the purchase of Pineapples."

3. Tenders will be considered separately for each group, *viz.*, Plantains and Pineapples.

4. A sum of Rs. 100 should be deposited in the Government Treasury as earnest money towards the tenders in favour of the Director of Agriculture, Bangalore, and the treasury challan relating thereto should accompany the tender. No tender will be considered without the earnest money deposit.

5. The rate quoted which must be per lb. weight of Pineapples and per Bunch of Plantain should be written in figures as well as in words in each tender.

6. The tenders will be opened by the undersigned or the Headquarters Assistant at 3 P.M. on 10th May 1940 in the presence of as many tenderers as may choose to attend.

7. The final acceptance of the tender rests with the Director who does bot bind himself to accept the highest or any tender or assign any reason whatever for the rejection of any tender.

8. The name of the successful tenderer will be intimated in due course.

9. Within 3 days from the date of intimation of the acceptance of the tender, the successful tenderer will make his own arrangements for the transport of fruits, after paying the full value of the fruits to be removed each day towards the fulfilment of the contract.

10. The ripe fruits should be removed each day. Any default in not taking delivery of fruits on the day of harvest and any default in payment will involve the cancellation of the tender and the forfeiture of the earnest money to Government. Further, the remaining fruits will be sold at the risk of the tenderer who will be liable for any loss that may occur due to cancellation of his contract, without any right to participate in the profits.

11. The earnest money of the unsuccessful tenderers will be returned in due course. The earnest money of the successful tenderer will either be adjusted in the end of the transaction or will be refunded.

12. Such of those as are willing to inspect the crop before sending up their tenders will be taken round the farm if they intimate the undersigned or the Superintendent, Irwin Canal Farm, Mandya, beforehand.

COLLEGE OF ENGINEERING, BANGALORE.

Notification dated 23rd April 1940.

The following articles in the College of Engineering, Bangalore, will be sold by public auction on Saturday the 18th May 1940. The auction sale will commence at 8 A.M. and will be conducted in the College Workshop premises.

The terms and condition of auction sale will be as follows :—

(1) The articles will be knocked down to the highest bidder, and in the event of any dispute arising between two or more bidders at the same price, the articles shall be put up again and resold.

(2) The sale amount should be paid immediately. In case it could not be paid immediately, a deposit of 25 per cent of the amount should be recovered from the successful bidder immediately the articles are knocked down in his favour and such deposits shall be treated as forfeited to Government in case of any default to pay the full purchase money within 24 hours of the sale.

(3) Cash should be paid in full for articles purchased by bidders before delivery and the articles will not be allowed to be removed from the place of auction until after the close of the sale.

(4) In case of default of payment of the whole or any portion of the purchase amount by the bidder, the articles will be resold and the bidder will be liable to any loss incurred thereby. The bidder will be also liable to make good to Government any loss incurred thereby without having the right to participate in any excess realised.

(5) All articles purchased will be at the risk of the purchaser thereof from the time of sale.

(6) All articles should be accepted with faults and errors of all description as sold.

(7) The successful bidder must remove articles within 24 hours after his bid has been accepted.

(8) The officer conducting the sale may not accept the highest bid if the bid offered is not a reasonable value of the article.
